

Suggestion of ways to keep our planet green

Kindergarten of Rizario, Greece

Ways to keep our planet green:

1. Put the 3 R in your life : Reuse,reduce,recycle
2. Stop using plastic bags
3. Plant trees and flowers
4. Use less energy
5. Use the green transportation
6. Use glass bottles for your water
7. Try to buy local products for food
8. Create a homemade compost bin
9. Adopt sustainable practices
10. Use cloth napkins daily instead of paper when you eat

There is no point in waiting for a magic bullet solution to the problems. Nothing will really change unless we make the effort to change as well.

Whitehouse Common Primary School, Sutton Coldfield, UK

Suggestions of ways to keep our planet green

- Reduce Reuse Recycle
- Be less wasteful with our resources
- Keep our world clean
- Spend time looking after our environment eg litter picking, clearing waste spaces, rewilding ground
- Use bicycles, public transport or walk!
- Use renewable energy
- Avoid single use plastics
- Buy second hand clothes and pass on clothes that are too small to others
- Use our voices to make a difference!

6th Kindergarten of Tirnavos, Greece

Ways to keep our planet green:

1. Reducing the use of plastic
2. Promotion of recycling
3. Reuse of materials
4. Use of sustainable means of transport
5. Energy saving
6. Eco-friendly shopping
7. Planting trees
8. Information and awareness
9. Supporting sustainable practices
10. Reduction in water consumption

The contribution of each of us can have a positive effect on protecting the environment and keeping our planet green.

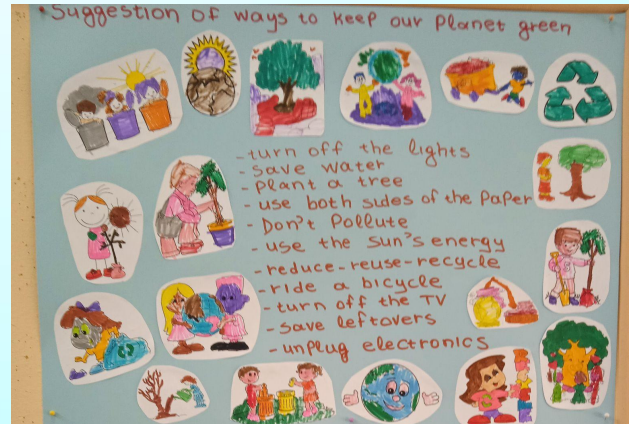

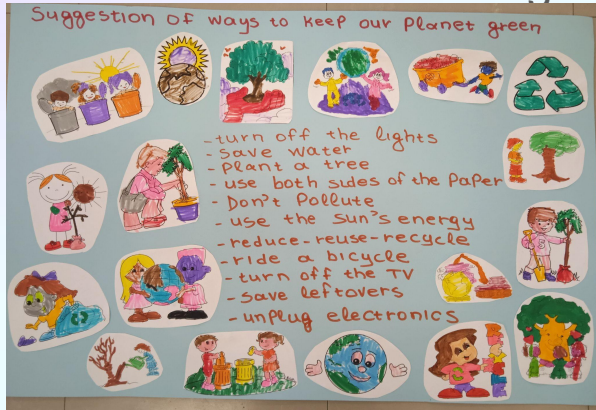

Primary school Khézama Est Sousse Tunisia

There's many ways to keep our planet green.

- **RECYCLE**
- **Carpool or drive efficient cars**
- **Use public transport**
- **Walk, jog, and ride your bicycle**
- **Use less energy**
- **Use better insulation**
- **Use rechargeable batteries**

5th Kindergarten Haidariou-Athens-Greece

2nd Special kindergarten of Thessaloniki

There are many ways in which we can contribute to the goal: protecting the environment.

- ❖ Recycling
- ❖ Reduction in water consumption
- ❖ Reduction in the use of electricity
- ❖ Plant a tree
- ❖ Vegetables cultivation
- ❖ Composting
- ❖ Use rechargeable batteries
- ❖ Quit smoking

Protecting the environment is a responsibility and a privilege at the same time, for all of us.

Our suggestions to keep our planet green

- Recycling
- Composting
- Let's reduce waste
- We prefer glass packaging
- Ecological cleaners
- Economy lamps
- Rechargeable batteries
- Use of ecological means of transport
- Use of bicycle or footpath

Protection of our planet is in our hands! We must all adopt ecological habits!

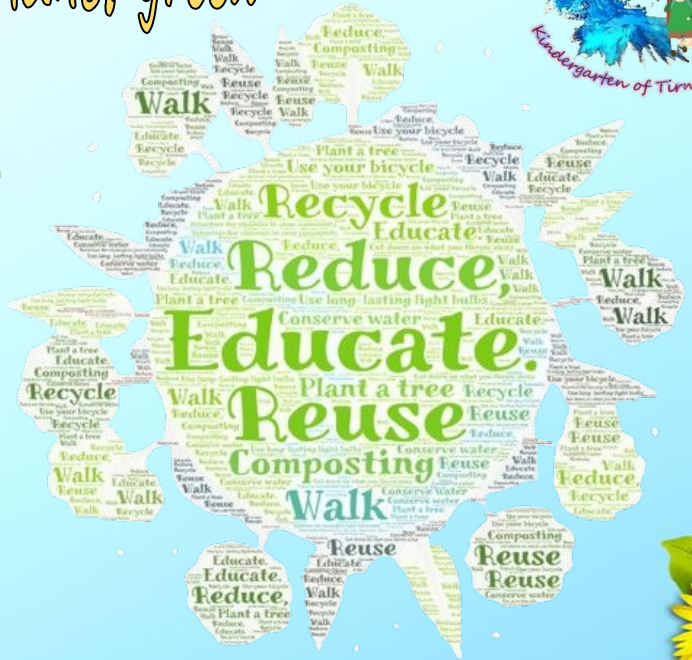

7th Kindergarten of Tyrnavos/ Greece

Our Suggestion of ways to keep our planet green

- ◆ Educate.
- ◆ Reduce, reuse, and recycle.
- ◆ Composting
- ◆ Cut down on what you throw away.
- ◆ Plant a tree.
- ◆ Conserve water.
- ◆ Volunteer for cleanups in your community.
- ◆ Use long-lasting light bulbs.
- ◆ Walk, or use your bicycle

Protecting the environment is the responsibility of all of us!

3rd Kindergarten School of Tripoli, Greece

Our suggestion of ways to keep our planet green

- *Implementation of ecological programs in schools and awareness of citizens*
- *Reduce-Reuse-Recycle*
- *Recycle old newspapers and magazines*
- *Recycle frying oil*
- *Plant trees and flowers*
- *Collect rainwater to water the flowers*
- *Reduction in water consumption*

3rd Kindergarten School of Tripoli, Greece

Our suggestion of ways to keep our planet green

- *Turn off the lights when we don't need them*
- *Use low energy consumption lamps*
- *Use rechargeable batteries*
- *Use canvas bags instead of plastic ones*
- *Recycle old and worn clothes*
- *Go to school on foot or by bike*
- *Pick up our trash when we go for a walk in the sea or in the forest*
- *Use e-mail to reduce paper consumption*
- *Limit food waste*

Kindergarten of Arkesini, Amorgos, Greece

Suggestion of ways to keep our planet green

- **Use less, reuse more:** Use reusable stuff and avoid plastic.
- **Turn off lights:** Save energy by switching off lights.
- **Plant trees:** Help by planting trees.
- **Teach friends:** Share what you know.
- **Save water:** Turn off taps when not needed.
- **Clean up:** Pick up trash with friends.
- **Play outside:** Enjoy nature.
- **Choose eco-friendly:** Use things good for the Earth.
- **Speak up:** Tell others to help the planet.
- **Grow plants:** Plant flowers or veggies.

kindergarten 'Ellinoagliko Agogi', Greece

Ways to keep our planet green:

1. To plant trees and flowers and avoid cutting them down.
2. To protect forests from fires.
3. To recycle.
4. To creatively reuse.
5. To build more hydroelectric factories.
6. To collect rainwater and avoid wasting water.
7. To use less plastic
8. To use our bicycles and walk more.
9. To save energy.
10. Students to be educated and inform both younger and older people on how to save our planet.

7th Kindergarten of Veria- Greece

Our suggestions to keep our planet green

- ❖ Use less energy
- ❖ Buying biological product
- ❖ Speak around for recycling
- ❖ Reduce the shopping
- ❖ Use bicycle for transport in the town
- ❖ Prefer organic bags for shopping
- ❖ Protect the forests
- ❖ Plant trees and flowers
- ❖ Use rechargeable batteries

Our planet is our home! It is everyone's duty to protect him!

High School with Sports Program
Baia Mare
ROMANIA

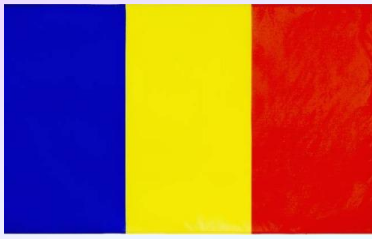

To reduce consumables, including wood and paper,
our students created a mini-exhibition through drawing
and color. With clear messages:

Reduce waste! Reuse any object! Recycle!

Reduce waste!
Reuse any object!
Recycle!

Reuse:

The sporty ladybugs from Baia Mare have decided to continue recycling. So, they collected the plastic bags. To make ECO suits. Then take them to the plastic collection center. Saying "STOP POLLUTION"

Recycle:

High School with Sports Program Baia Mare ROMANIA

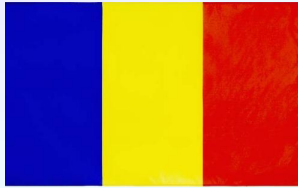

In their class, the sporty ladybugs collected all the waste for a year. To feed the Recycle brothers. They will visit Dr. Vrancart. It will recycle all collected waste paper.

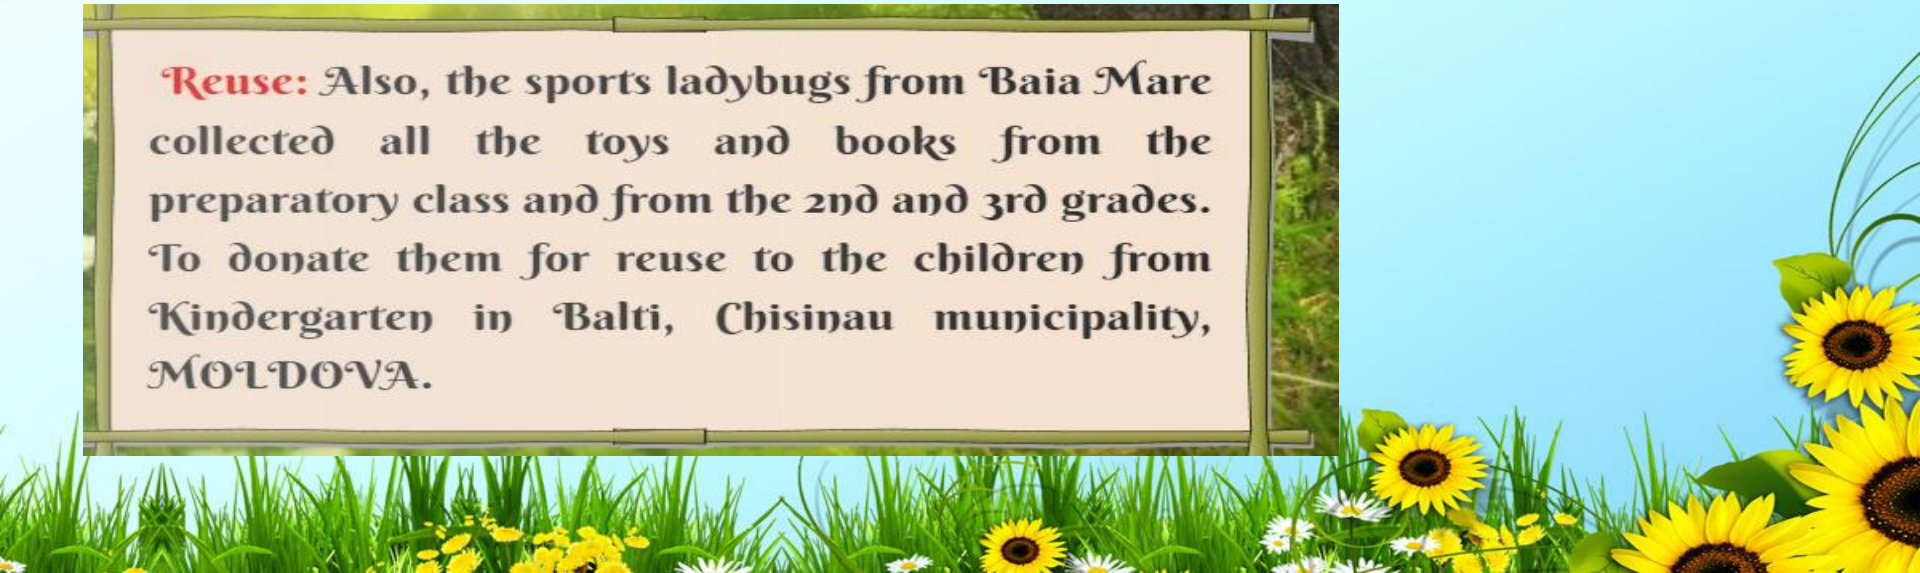

Reduce: Little by little, these ladybugs came out to plant. They understood why they had to dig a hole 20 centimeters deep, and spaced around the root. They also brought a walnut. To plant it for the cuckoo clock.

Reuse: Also, the sports ladybugs from Baia Mare collected all the toys and books from the preparatory class and from the 2nd and 3rd grades. To donate them for reuse to the children from Kindergarten in Balti, Chisinau municipality, MOLDOVA.

Recycle: For the Christmas charity fair, the same ladybugs reused recyclable materials in making these Christmas accessories. They sold them. With the money collected, they bought goodies for the children in the local orphanage.

Reduce: In partnership with the farm store, selling vegetables, the students collected many of the vegetables that were beginning to spoil. This is how they prepared the pickles for the children from the same orphanage.

Reuse: The sports ladybugs from Baia Mare collected all the ceramic materials, procured from the potter from Baia Sprie, Mr. Dan Leș. Children painted. He also used them in the Christmas market. You like?

The two **Recicl**yes went to the gates of the beautiful forest.
They guarded its cleanliness with great courage.
Be like them: **ECO!**

Reduce waste! Reuse any object! Recycle!

11. Sustainable Cities and Communities

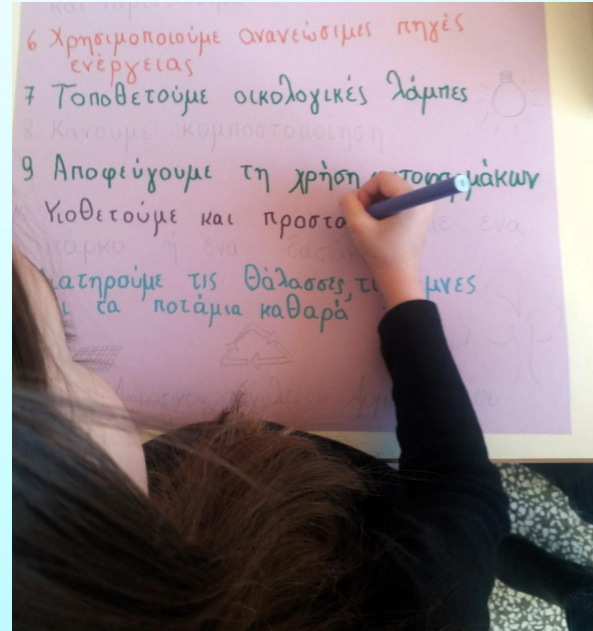

8th kindergarten of Kalamata-Greece

Primary School of Armenochori, B Class, Greece

11 ways to keep our planet green:

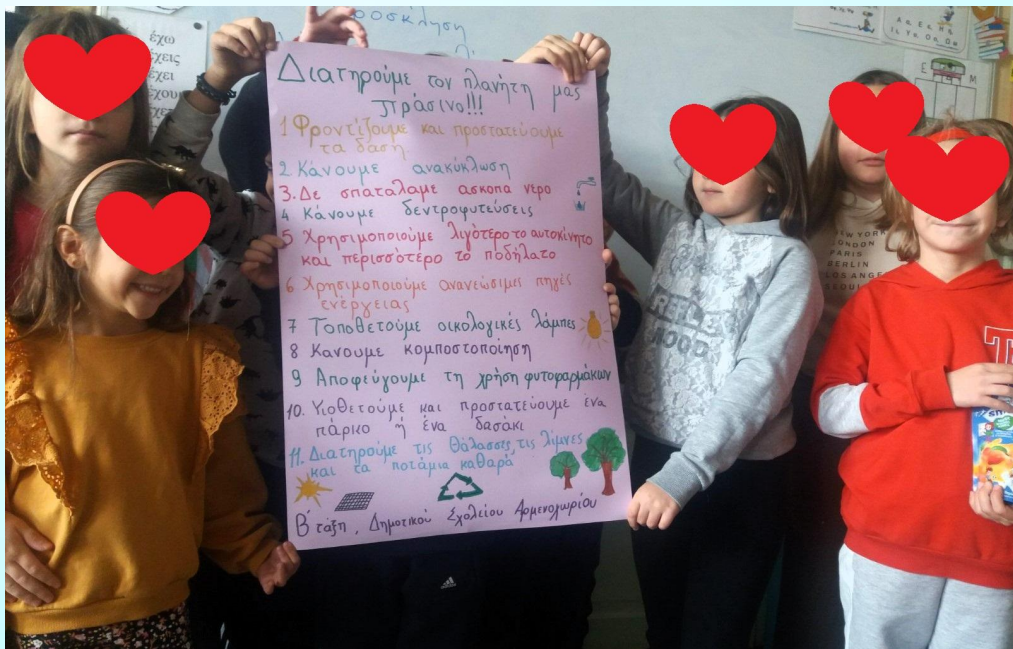

1. We care for and protect forests.
2. We recycle.
3. We don't waste water.
4. We do tree planting.
5. We use less car and more bicycle.
6. We use renewable sources in operation.
7. We compost.
8. We install ecological lamps.
9. We avoid the use of pesticides.
10. We adopt and protect a park or a forest.
11. We keep the sea, lakes and rivers clean.

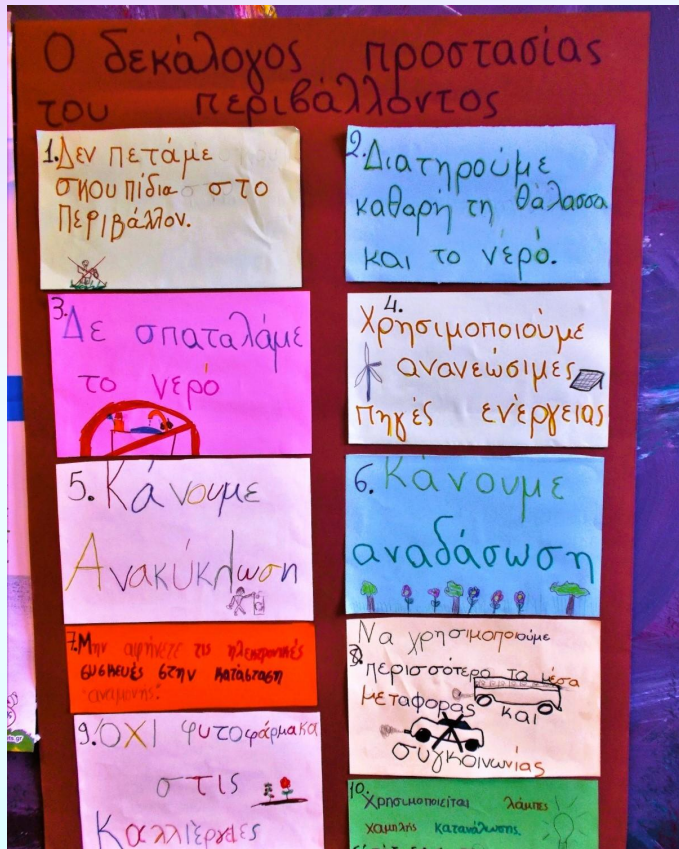

Διατηρούμε τον πλανήτη μας πράσινο!!!

- 1 Φροντίζουμε και προστατεύουμε τα δάση.
- 2 Κάνουμε ανακύκλωση
3. Δε σπαταλάμε ασκοπα νερό 
- 4 Κάνουμε δεντροφυτεύσεις
- 5 Χρησιμοποιούμε λιγότερο αυτοκίνητο και περισσότερο το ποδήλατο
- 6 Χρησιμοποιούμε ανανεώσιμες πηγές ενέργειας
- 7 Τοποθετούμε οικολογικές λάμπες 
- 8 Κάνουμε κομποστοποίηση
- 9 Αποφεύγουμε τη χρήση φυτοφαρμάκων
10. Υιοθετούμε και προστατεύουμε ένα πάρκο ή ένα δασάκι
11. Διατηρούμε τις θάλασσες, τις λίμνες και τα ποτάμια καθαρά 

   Β' τάξη, Δημοτικό Σχολείου Αρμενοχωρίου

Participating in the European week of voluntary cleanings

Kindergarten of Armenochori, Greece

Our suggestions to keep our planet green

- Reduce waste
- Stop pollution
- Don't litter
- Stop using plastic
- Recycle-Reduce-Reuse
- Tell to everyone about the importance of recycling
- Save water
- Don't cut trees-Plant trees
- Save animals
- Walk or use bicycle
- Protect the forests
- Keep the sea and rivers clean

Kindergarten of Armenochori, Greece

Better
Environment
Better
Tomorrow

Kindergarten Papagiannis, Florina, Greece

My students's suggestions of ways to keep our planet green!

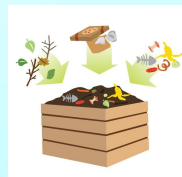

"We mustn't waste the water"

"Let's plant trees"

"Put organic fertilizer on the plants"

"We must use the bicycle or our legs, when we want to go somewhere"

"We must protect the forest"

Kindergarten Papagiannis, Florina, Greece

"Wind turbines and solar cell for the production of electricity"

"Garbage and battery recycling"

"We are taking cloth or paper bags, not plastic"

Save our planet

Save our lives!!

10th Kindergarten of Nea Ionia, Volos ,Greece

SUGGESTIONS OF WAYS TO KEEP OUR PLANET GREEN

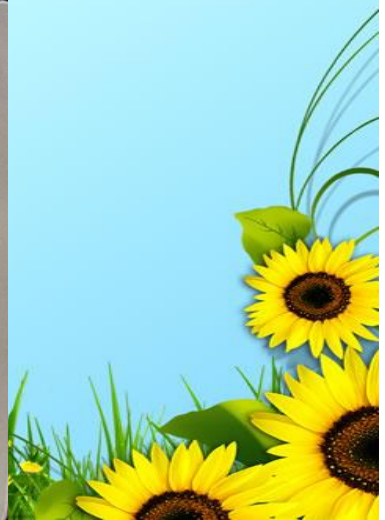

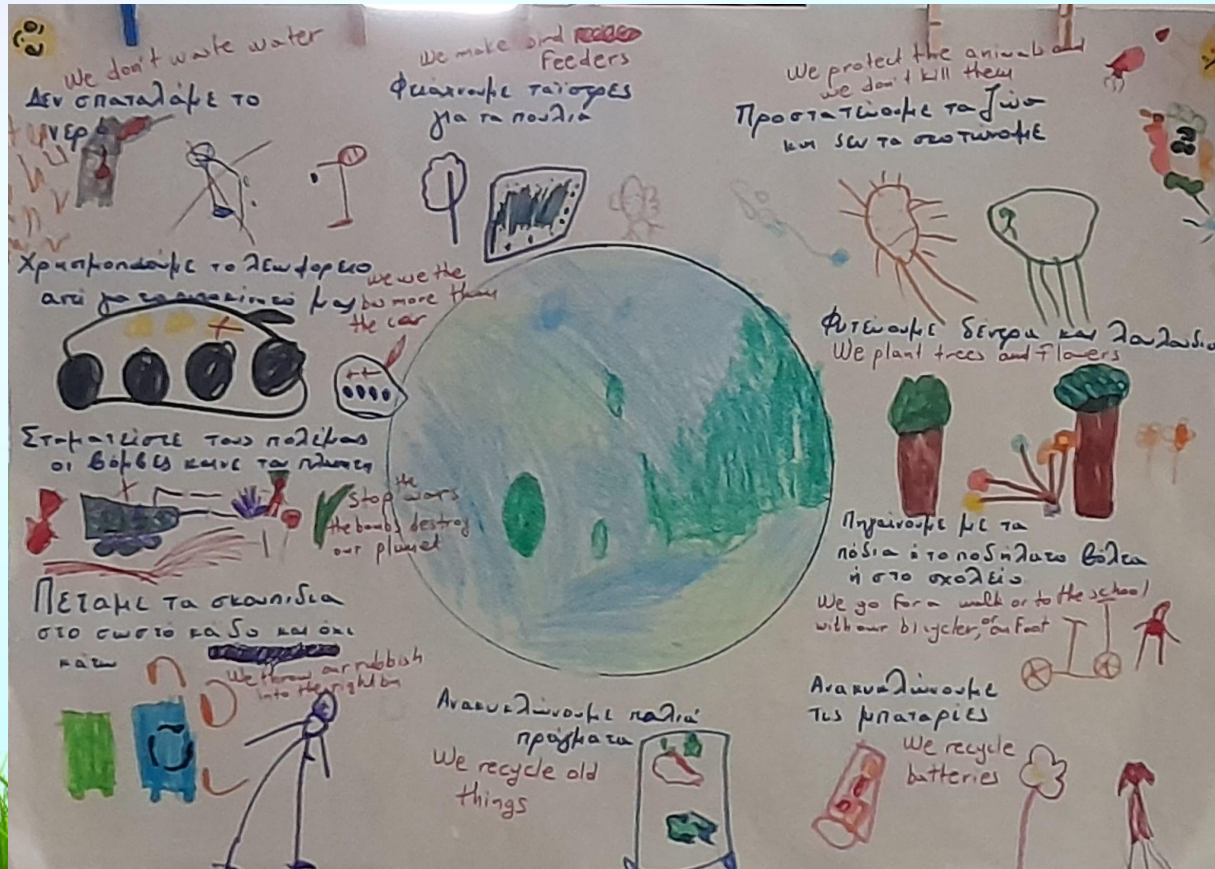

- ❖ Protect animals and don't kill them
- ❖ Plant trees and flowers
- ❖ Don't waste the water
- ❖ Use the bus more than your car
- ❖ Stop wars ,bombs destroy our planet
- ❖ Go on Foot or use bicycle
- ❖ Recycle old things and batteries
- ❖ Put the garbage into the right bin
- ❖ Make bird feeders

10th Kindergarten of Nea Ionia, Volos ,Greece

Suggestions of ways to keep our planet green

Kindergarten of Amaxades Greece

Suggestion of ways to keep our planet green

- ❖ To recycle
- ❖ Let's not throw garbage
- ❖ To keep the sea clean
- ❖ Not to waste water
- ❖ To plant trees and flowers
- ❖ To compost
- ❖ To protect the forests

Kindergarten of Agchialos, Greece

Ways to keep our planet green:

1. We plant trees and flowers
2. We love and took care of the forests
3. We are careful not to make a lot of rubbish
4. We recycle
5. We use reusable bags
6. No plastics
7. We prefer the bike to the car
8. We compost

**SAVE A
TREE
IT SAVES
YOU**

The planet is our home and is our duty to protect it! There are many ways to keep our planet green but they can do nothing if there is no wish
