01

Leo missed the bus this morning. He's frustrated.

02

Leo wanted to take the bus to get to the Spike Art Museum. Now he wonders how he'll get there.

03

Build the taxi to help Leo get to the Spike Art Museum.

04 -BI

05

Here's your challenge: create the program that drives the taxi.

06

Create the program. It drives the taxi.

07

Test your program.

08

Modify your program to make the taxi follow the route on Leo's map.

09

Design a new route for Leo's next trip.
