Living Together in Peace - Discuss

What are some actions we can take to help us to live together in peace?

Why is it important for the world to live together in peace?

One way to develop a peaceful world is by accepting and understanding our differences and diversity, in order to build a sustainable world based in solidarity.

In this project we will explore how peacemakers from around the world devoted their lives to the Peace Movement and how artists created art, music and poetry about peace.

Peacemakers

Choose a quote by a peacemaker from your country or abroad and discuss his or her life and work in the classroom.

Message for Peace

What is your message to children coming from or living in areas of conflict across the world?

You are not alone!!! Don't be afraid!!!

You and me together!!!

Art about Peace

Choose a song, poem or work of art about Peace to accompany your message.

Reflection

How many peacemakers from different countries did you find ?

What inspired you the most about their lives and work?

Why is it important that artists and people in general express themselves creatively about World Peace?

Going Further...

See if you can find out more songs in different languages to listen on “Living together in peace” Day!
