Dear ΓΑΡΥΦΑΛΙΑ ΠΑΠΑΣΩΤΗΡΗ,

Congratulations! You have been awarded the European Quality Label for the work in the eTwinning project "Up and down the Twinstairs". This means that your work, the work of your students and the collaboration with your partners met the Quality Label Framework criteria and received a high score.

As a result, you will receive a certificate which you can print and display in a prominent position in your school. Also, your project will be featured in a special area on the European School Education Platform.

Once again congratulations and we hope you continue organising high quality projects with other eTwinning teachers.

With our best regards,
The eTwinning Team
