

# To what extent has the visit to the European institutions raised your awareness of the EU?

Not at all/  
Hardly      Not  
much/      Quite a  
lot      Very  
much

# Take a moment and reflect on the following:

Strongly disagree

The visit was educational

I feel I am more aware of my role as a European citizen

I understood the difference between the Council and the Parliament

I still have questions I need to answer

I feel I will become a more active citizen after this visit

My vote in the elections will be more informed

I enjoyed the visit

I wish I had more time to get to know the EU better

Strongly agree
