

Dear Aurora

Hello! My name is Vasilis and I am 10 years old. I am from Greece. I live in Aspropirgos, that is near Athens. My favourite colour is green. My favourite school subject is Maths. What is your favourite colour and school subject?

My school is near my home. We are 6 hours of the day at school. We start school at 8.15 in the morning and we finish at 13.15 at noon. How many hours of the day are you at school?

In the past, during 2nd world war, our school used to be a Prison where Germans prisoned our locals.

On 25th of December we celebrate Christmas. On that day we decorate Christmas trees at our houses. On Christmas Eve Santa Claus is coming to our homes and brings us presents.

I'm waiting for your letter. Please write me soon

Greetings

Your friend, Vasilis
