

Project Introduction

In this project, we explored the differences and similarities between the past and the present through fun activities, games, and teamwork with our partner schools.

These experiences helped us learn more about history, culture, and how daily life has changed over time from the way people communicated and dressed to how they learned and played.

Project's Best Moments

The students Avatars

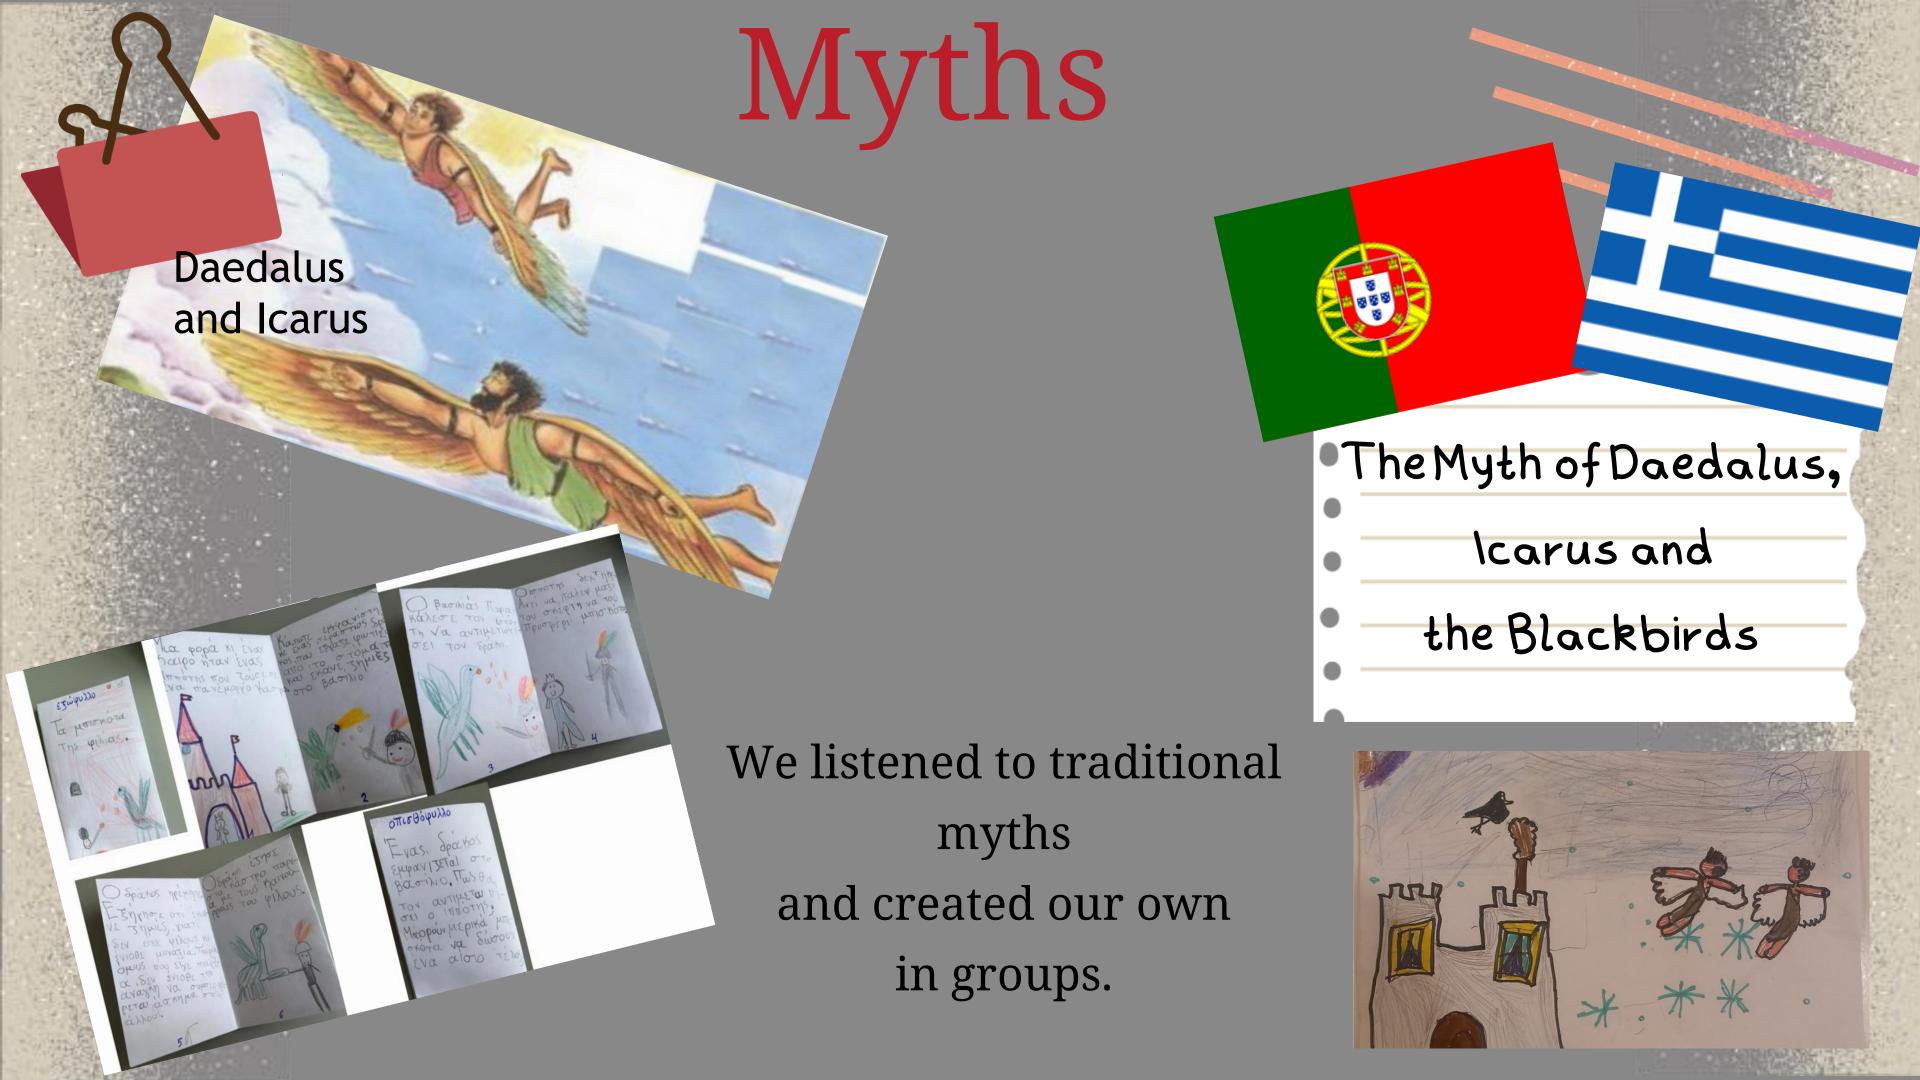

old clothes Clothes New clothes

We learned about traditional clothing and compared it with modern fashion

Recipes And Tastes

We cooked a traditional recipe from Portugal and learned about its ingredients.

Our recipe

Weexchangedasongwithaschoolfrom

Turkey. We sang their song, danced it and

they did the same with ours!

Games

We played traditional games in the schoolyard like children did in the past.

We also tried new interactive games that help us learn and have fun.

Easter Creations

We created beautiful Easter crafts and had fun making them together.

We traveled through stories, songs, games and traditions . We had fun exploring the past and connecting with others.

We will always remember this journey!
