

The Power of eTwinning

Feelings are more than just one thing
And we're so happy when we sing!
With open hearts, we sing our song,
In every note, we all belong.

Good feelings we share with our friends
Our laughter and love never end.
Smile with joy, let laughter start,
Feel alive, with an open heart.

**We rise as one, we learn as friends,
Together, the journey never ends.
Sharing stories, hopes, and dreaming,
That's the power of eTwinning!**

Sometimes we feel a little sad,
But then a smile can make us glad
With friends so close, we laugh and play,
And make each day a happy day!

In every tear, in every cheer,
Our feelings make the story clear
In happy times, let laughter ring,
In moments sad, together we sing.

**We rise as one, we learn as friends,
Together, the journey never ends.
Sharing stories, hopes, and dreaming,
That's the power of eTwinning!**

With kindest words and love to share
We show each other that we care!
Together we rise, our strengths combined
in unity's light, new paths we find

**We rise as one, we learn as friends,
Together, the journey never ends.
Sharing stories, hopes, and dreaming,
That's the power of eTwinning!**
