THE TOWER OF BABEL
The Tower of Babel was a tower built by the sons of Noah after the flood. It was built as a symbol of human unity and a challenge to God. The story is told in the Bible, in the Book of Genesis. The tower was built by the sons of Noah, who were the first people to speak different languages. They decided to build a tower that would reach the sky, so that they could all understand each other. God saw this and was angry, so he made them speak different languages. The tower was never finished, and the people were scattered all over the world.
