Aim of the project

The aim of the project is to help pupils from the participating countries travel around their eTwinning mates to create a new eTwinning country.

They will collaborate to design and develop their own imaginary country. Working together across borders, they will decide on the country's name, values, institutions, cultural identity, currency, language policies, and environmental strategies.

The project will actively integrate the 2025 eTwinning topic “Skills for Life”, encouraging students to practice and enhance essential competences such as:

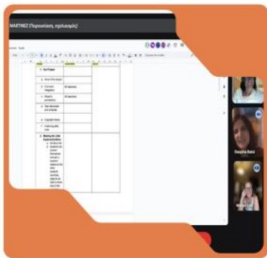

- ✓ Critical thinking and problem-solving
- ✓ Collaboration and communication
- ✓ Creativity and innovation
- ✓ Digital literacy

Unplugged Coding Activity

DOCX

CODE WEEK 2025- ETWINNING

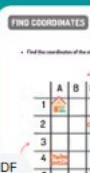

Description: Students will have to reach their final destination by passing through Greek, Polish, Spanish and Italian monuments and respective capital cities, while avoiding the traps. The file contains direction tiles, flags, monuments and capitals, a chessboard. The activity can be played in 3 ways:

1. On the floor, in an 8X8 grid, with the students as tokens. In teams, students prepare the path and one acts as a token, performing the task.
2. On a chessboard, physical or a laminated copy.
3. Robot Programming, on a mat or on the floor.

Post your implementation

HOW TO BE A GOOD CITIZEN

Work in international groups

OBJECTIVE:

You will agree in your teams
What characteristics do
good citizens have?

TEAM WORK

3

You will work together to have clear
ideas about the topic. Each group will
have in their forum three
characteristics for a good citizen.

ROLES

Roles you will have in your team so
everything works.

One of the older students
will start writing in the
forum and organising the
work

The checker will make
sure all the members
write in the forum.

The time keeper will
make sure the activity is
finished on time.

The reporter will make a
final message with the
three characteristics
agreed by the team.

The facilitator helps
resolve disagreements in
a constructive manner

LET'S WORK!

HOW TO BE A GOOD CITIZEN

Rizomylos George in reply to **Mari Carmen Montoya Martinez**

Dear members of team No1. We are so happy to work with you, and share our ideas about how we can be good citizens at home, at school and in our community in general. I think that by saving energy, water and electricity, we can become responsible citizens. What do you think?

I agree with you George. We shouldn't waste energy, because we must take care of the generations to come. We should think about renewable forms of energy
