

In a British primary school

In a British primary school the students arrive at 8:50 am. They leave at 3:15 pm. They have a lot of different subjects. In ICT students learn about how to use computers. In Art students make pictures or make craftwork. In Science students make experiments. In Maths students learn mathematical acts such as addition, subtraction, division and multiplication. In Language students learn their language and how to speak it. In Foreign language students learn other languages such as French, Italian, Greek or German. In History pupils learn about countries and continents around the world. Finally British students learn music which is a really pleasant subject, as they sing and have fun at the same time. Actually, there are also other subjects like Design, Technology, Drama or Food Technology. Students wear school uniforms. Girls wear white shirts and blue skirts and boys wear a blue shirt and trousers.

Break

Students have only one break. In this break students play different games such as skipping rope, football and other games which the students enjoy.

Lunch time

After their break it's lunch time. Students have pasta, salad, sandwiches, ham, crisps and fruit.

School-classroom equipment in a British primary school.

The British primary school is new and big.
There are twelve classrooms and 380 pupils. There is a large play-ground, a large computer room and a large basketball court.
There are big classrooms. The equipment in the classrooms are computers, an overhead projector, interactive whiteboards and flip charts.

My school day

Students arrive at eight o' clock and leave at two o' clock.

They have got seven lessons all days of the week.

They have got four breaks during which they play football, basketball and closed eyes.

All students eat toast, chips and fruits

Girls and boys wear trousers, T-shirts and shoes.
