

Unified Champion Schools End-of-school year call 10 June 2024

2nd Junior High School of Vrilissia

A school involved in the Special Olympics "Play Unified: Learn Unified." Project for the first time during the current school year, but very actively and vividly.

They started implementing Special Olympics "Play Unified: Learn Unified" events (theoretical and practical) and ended the school year participating in the SO Montenegro Unified Competition.

Pupils of the school were so influenced that they decided to

extend this far beyond the unified events defined by Special Olympics.

Along with the Center for the Creative Occupation of People with Disability of Vrilissia - "Krikos", a certified Unified Champion School, they marched Unified at Greece's National Day Parade and they are now rehearsing Unified in order to enact a theatrical play for the summer celebration of Krikos.

24th Primary School of Patra

The 24th Primary School of Parta has been involved in the Educational Program since the beginning of it (2018 - 2019).

They always participate in Special Olympics Hellas unified events and challenges and the entire school seems to have embraced Special Olympics philosophy and life attitude.

During 2023 - 2024, SO Hellas chose the specific school to be part of the Faces of Inclusion. We are very proud of the fact that students decided to actively

participate in the live interview with SOI and everything went effortlessly and genuinely.

Pupils and teachers are all aligned to the Special Olympics vision for an inclusive society.
