1st planting of the school year

Planting Day in Our Schoolyard!

After receiving a wonderful donation of various plants, we rolled up our sleeves and got to work transforming our schoolyard!

Together, we planted, watered, and cared for our new green friends.

As we worked, we discovered so many exciting things — the fresh smell of soil, the hidden world of roots, wriggly earthworms helping the earth, and the amazing textures and colors of each plant.

It was a hands-on learning experience full of teamwork, curiosity, and joy.

Our schoolyard is now greener, brighter, and more alive than ever!

Donation of various plants

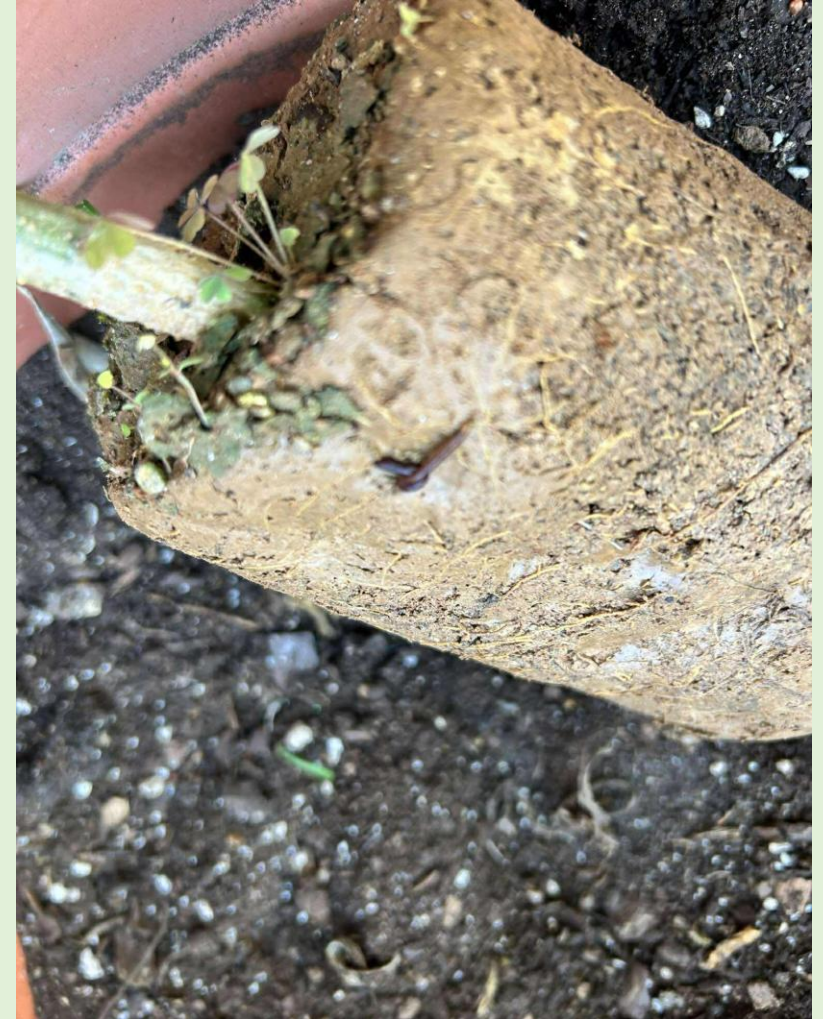

Thanks to a very generate donation of a lovely plant nursery... 🌱 🌸 🌿

We planted, watered, and cared for our new green friends!

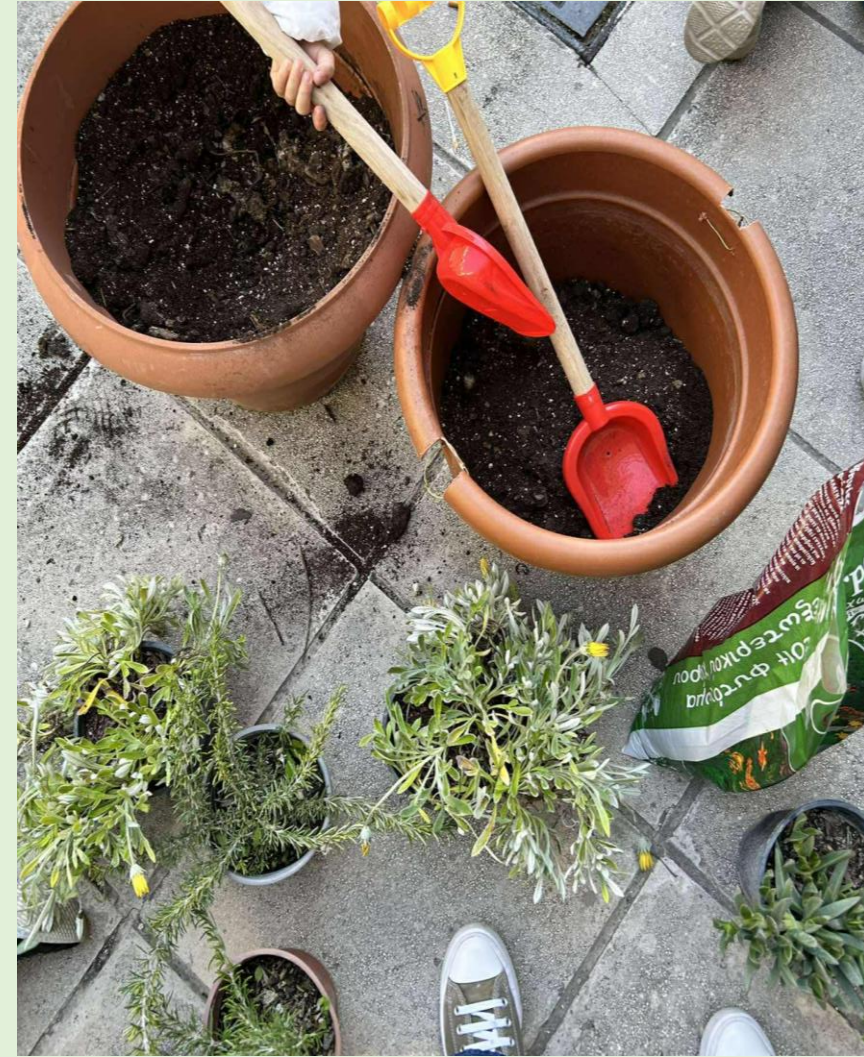

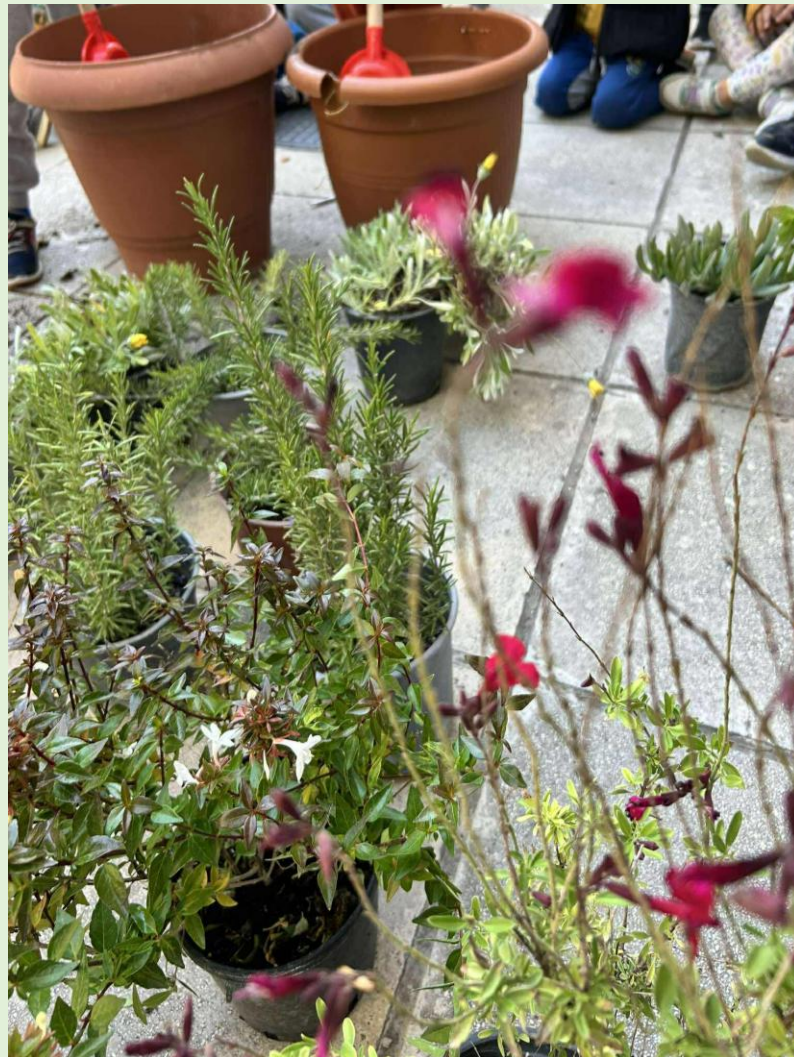

We spotted wiggly earthworms
helping the earth!

We learned about the hidden world of roots...

We planted and cared for our new green friends.

We shuffled the soil...

We watered, and cared for our new green friends!

It was a hands-on learning experience full of teamwork, curiosity, and joy.

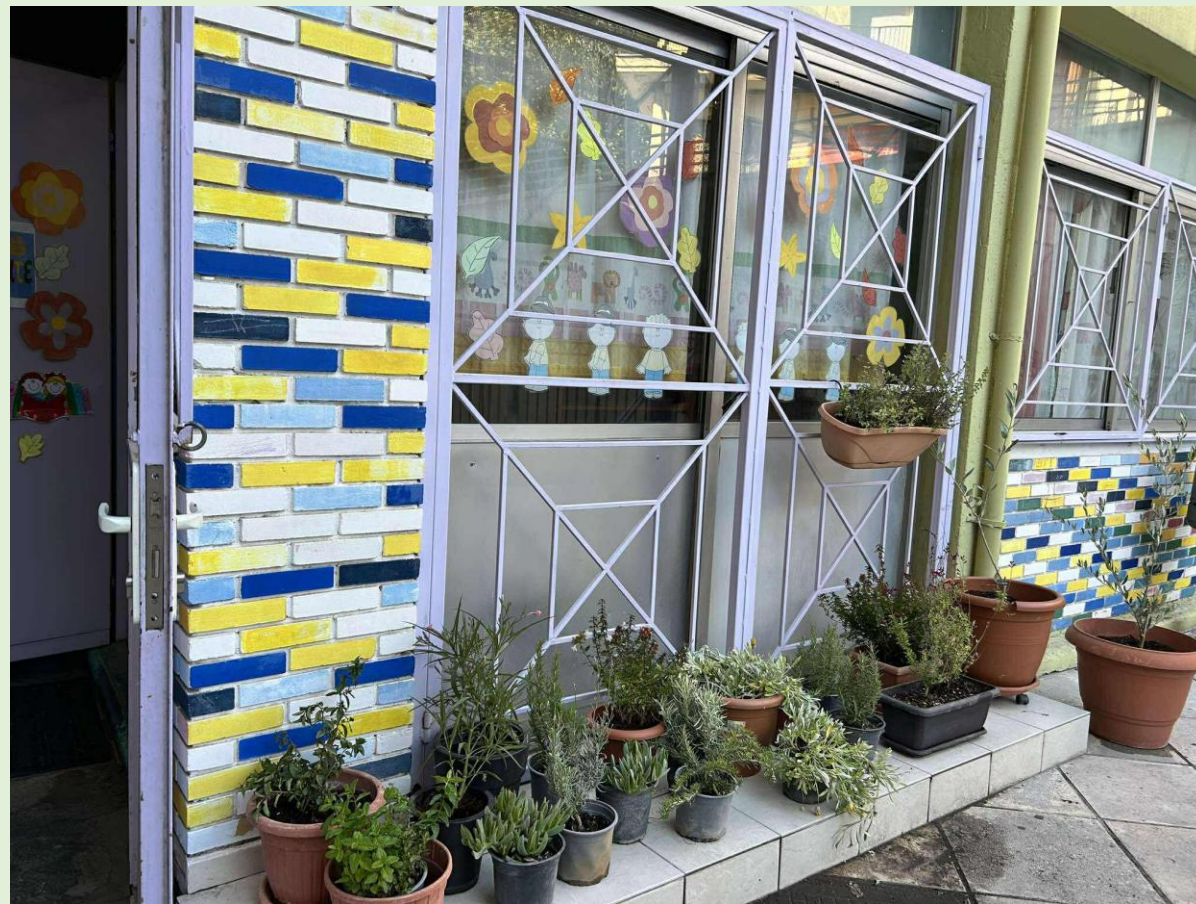

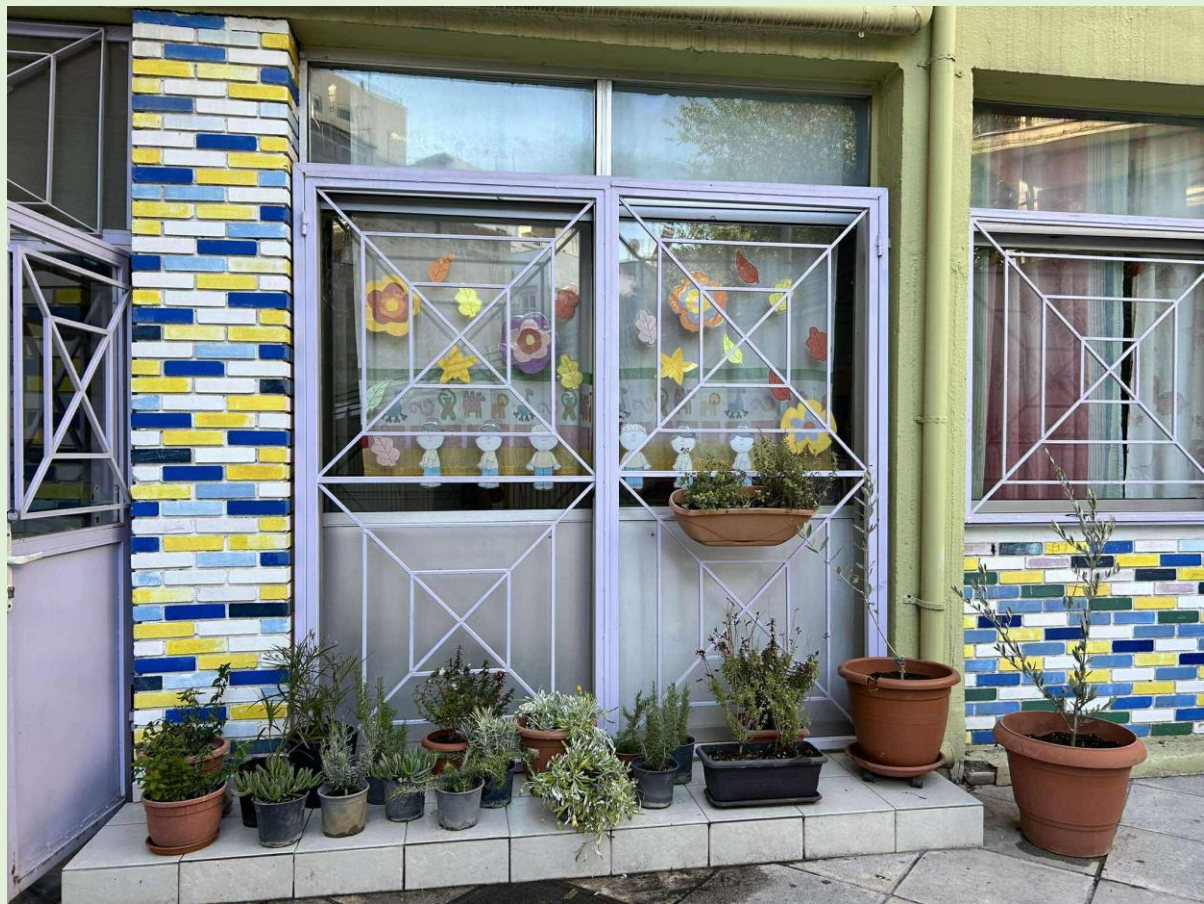

Before

After

Our schoolyard is now greener, brighter,
and more alive than ever!
