

My trip in England

My trip in England was amazing!

During the day, we visited the school of Bolton, an old village museum, we went to a swimming pool, we got to trams and trains, we eat at restaurants and we played with the kids from other countries.

Before the trip I was very excited. I can't wait for this trip!

During my visit I learned lots of about the school that we visited like how many students it has (65).

I learned all that things from videos, we learned for the environment and their country through performances.

I learned information from the students and the teachers of the school.

The trip makes me feel excited but I also missed my family!
