

## PEACE\_TWINNERS\_POEM

GEMINI\_AI

From sunny Spain, a friendly wave,  
To Greece, so old and brave.  
Barcelona, cool and bright,  
Thessaloniki, shining light.  
Xanthi too, with open heart,  
We all play a peaceful part.

Imagine if the world was kind,  
No angry words, no troubled mind.  
Just happy smiles, and games to play,  
Learning new things, every day.

We can be friends, though far apart,  
Sharing love from every heart.  
No lines on maps, just open air,  
Kindness spreading everywhere.

So let's be gentle, good, and true,  
Peace is what we want to do.  
From Spanish hills to Grecian seas,  
Let's live in peace, with joyful ease!
