

The solutions for climate change -ideas for reducing your ecological footprint

4th Kindergarten of Gastouni
Greece

our school

Use your bike and your legs to get to school, not the car.

Don't cut down the trees, don't burn the forests...Just plant trees

Reduce- reuse- recycle

We recycle plastic, paper, batteries, damaged lightbulb

do composting

reduce food-mileage and plant your own cabbage garden

reduce water waste and store
rainwater

planting flowers for bees and other insects

clean up the coasts and the neighborhood

THANK YOU
