

THE DOT / Η ΤΕΛΕΙΑ

SECOND PROJECT
4TH KINDERGATEN OF PETROUPOLIS

The pupils were inspired by the almond tree which has bloomed in our school yard.

First they decided to make the brunch of the almond tree

After that the used cotton pads as buds on the tree

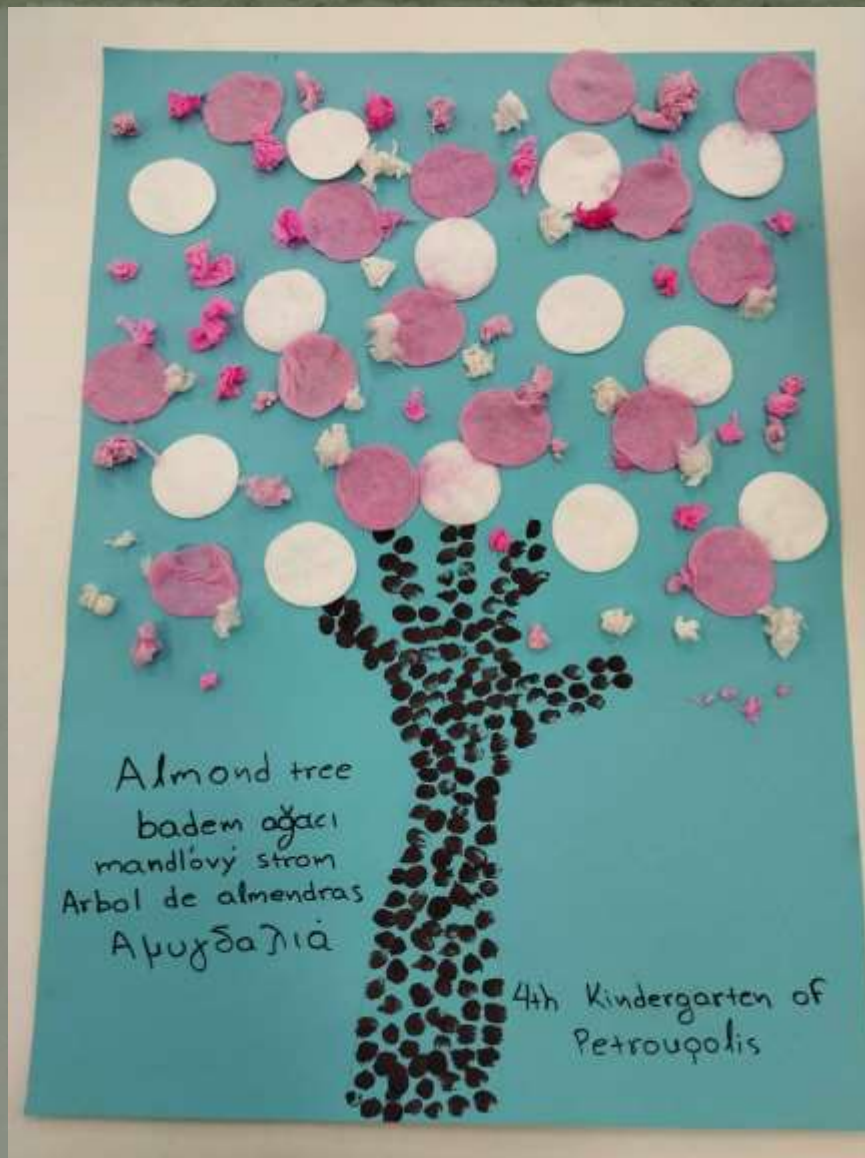

Because they were not happy with the result, they decided to colour some of the pads pink

But again something was still missing so they added some more dots made out of cotton paper

And here it is our 2nd project!
Enjoy!
