The feeling of calm !

Hi! This month I am going to meet the Cycladic figurines in ancient Greece! They will teach me the feeling of calm!

Cyclades: The origins of Cycladic figurines

Hello! **Cycladic figurines** were found in several islands in Cyclades. You can write it in greek, as well.

Music can help us feel calm...

Look at the women playing music. The woman at left is holding a lyra, the woman in the middle is holding an ancient greek guitar and the woman at the right is holding an harp. Can you match the musical instruments?

The harpist

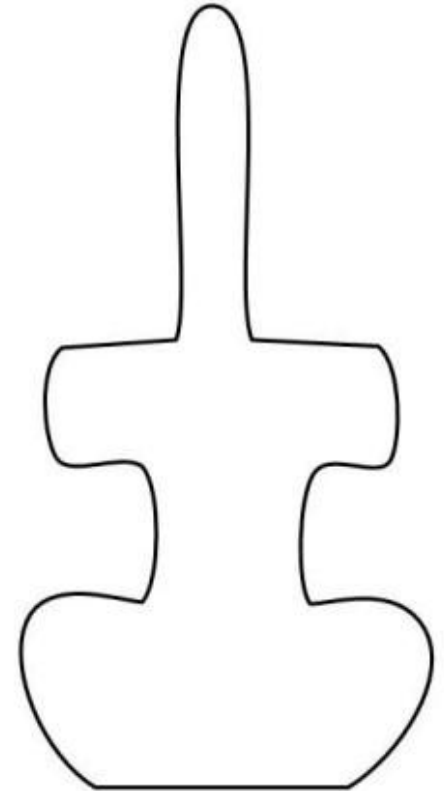

Here is an harpist who was found in the island of Keros between 2600-2800 bc.
Which of the three music instruments is an harp?

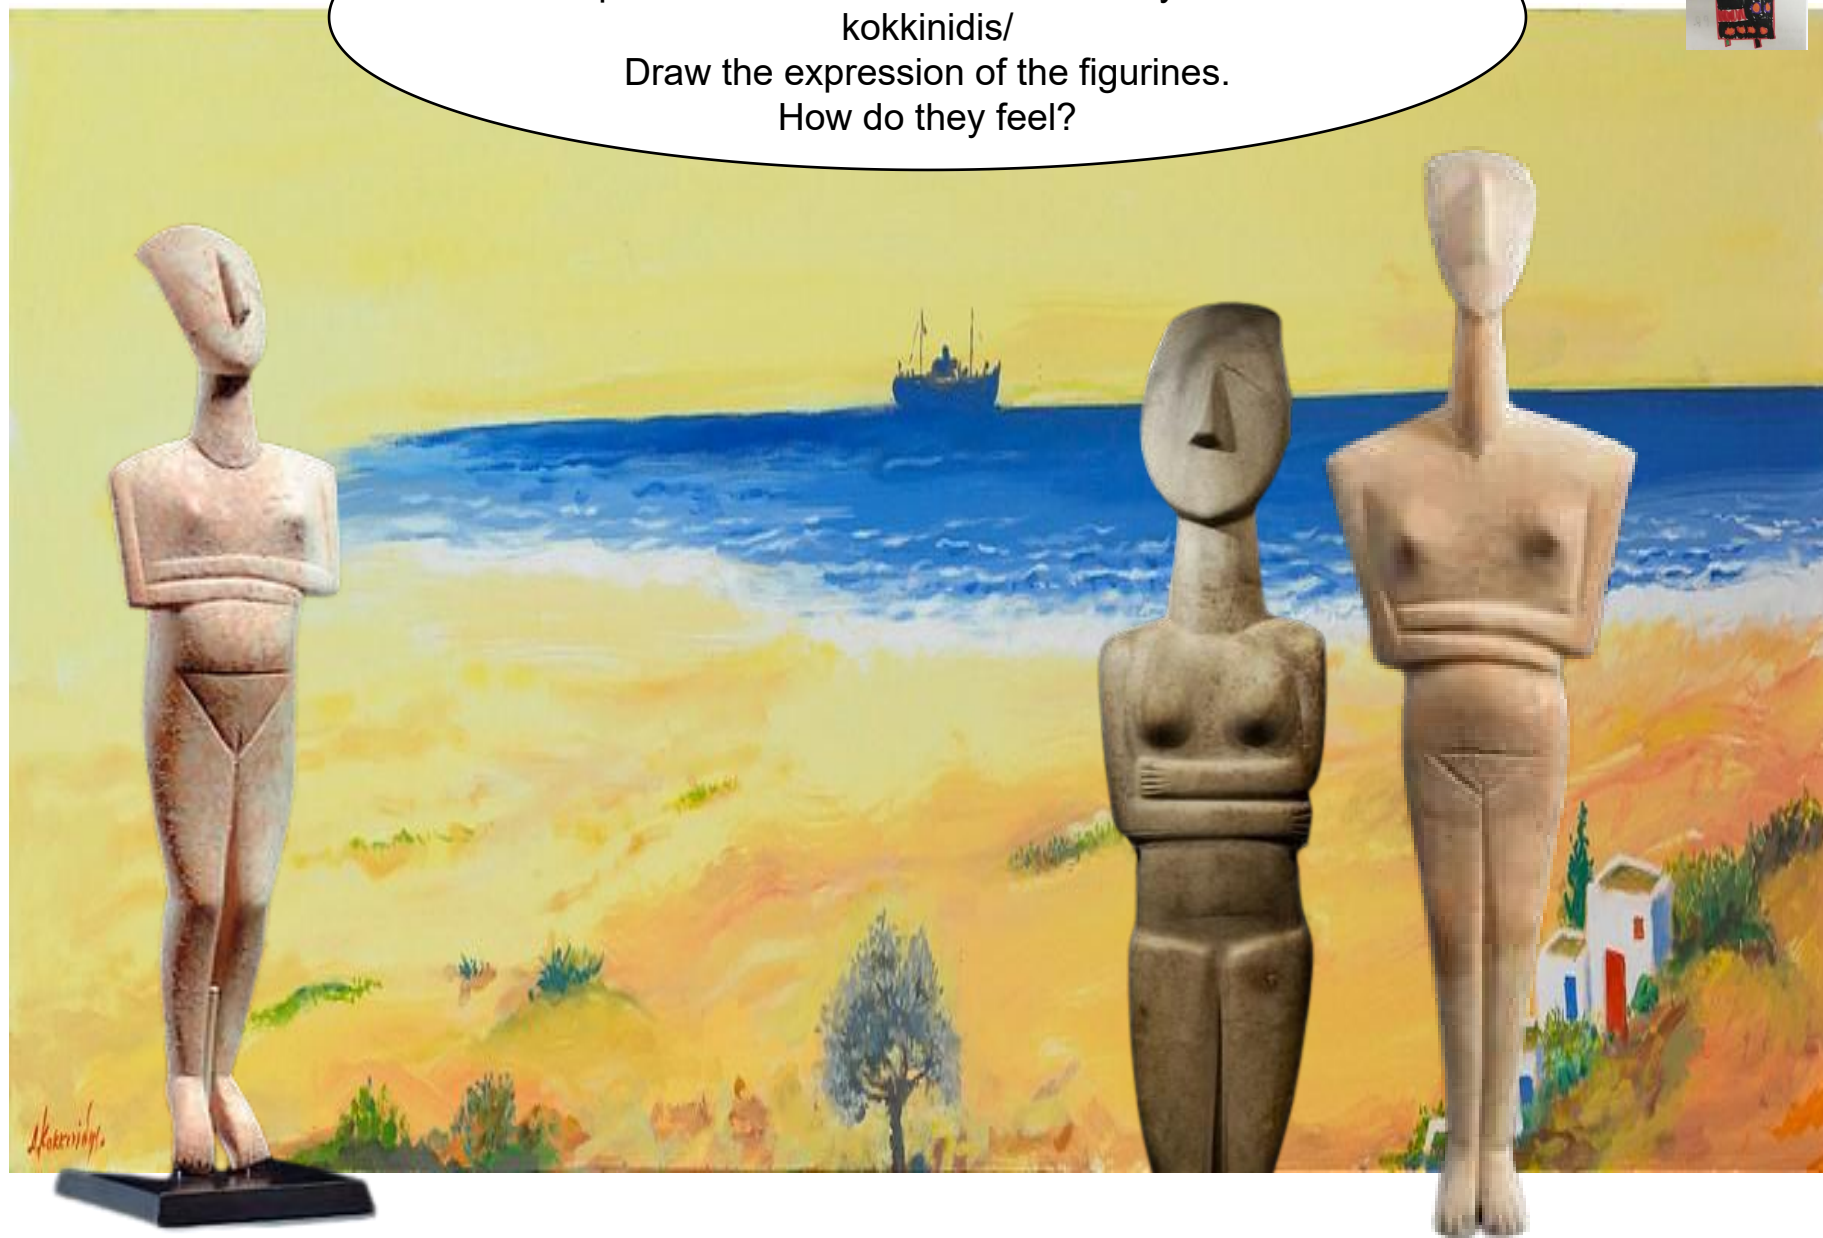

Here is another type of cycladic figurine.. It is called violin-shaped figurine.
Which music instrument does it remind you?
Draw your own figurine!

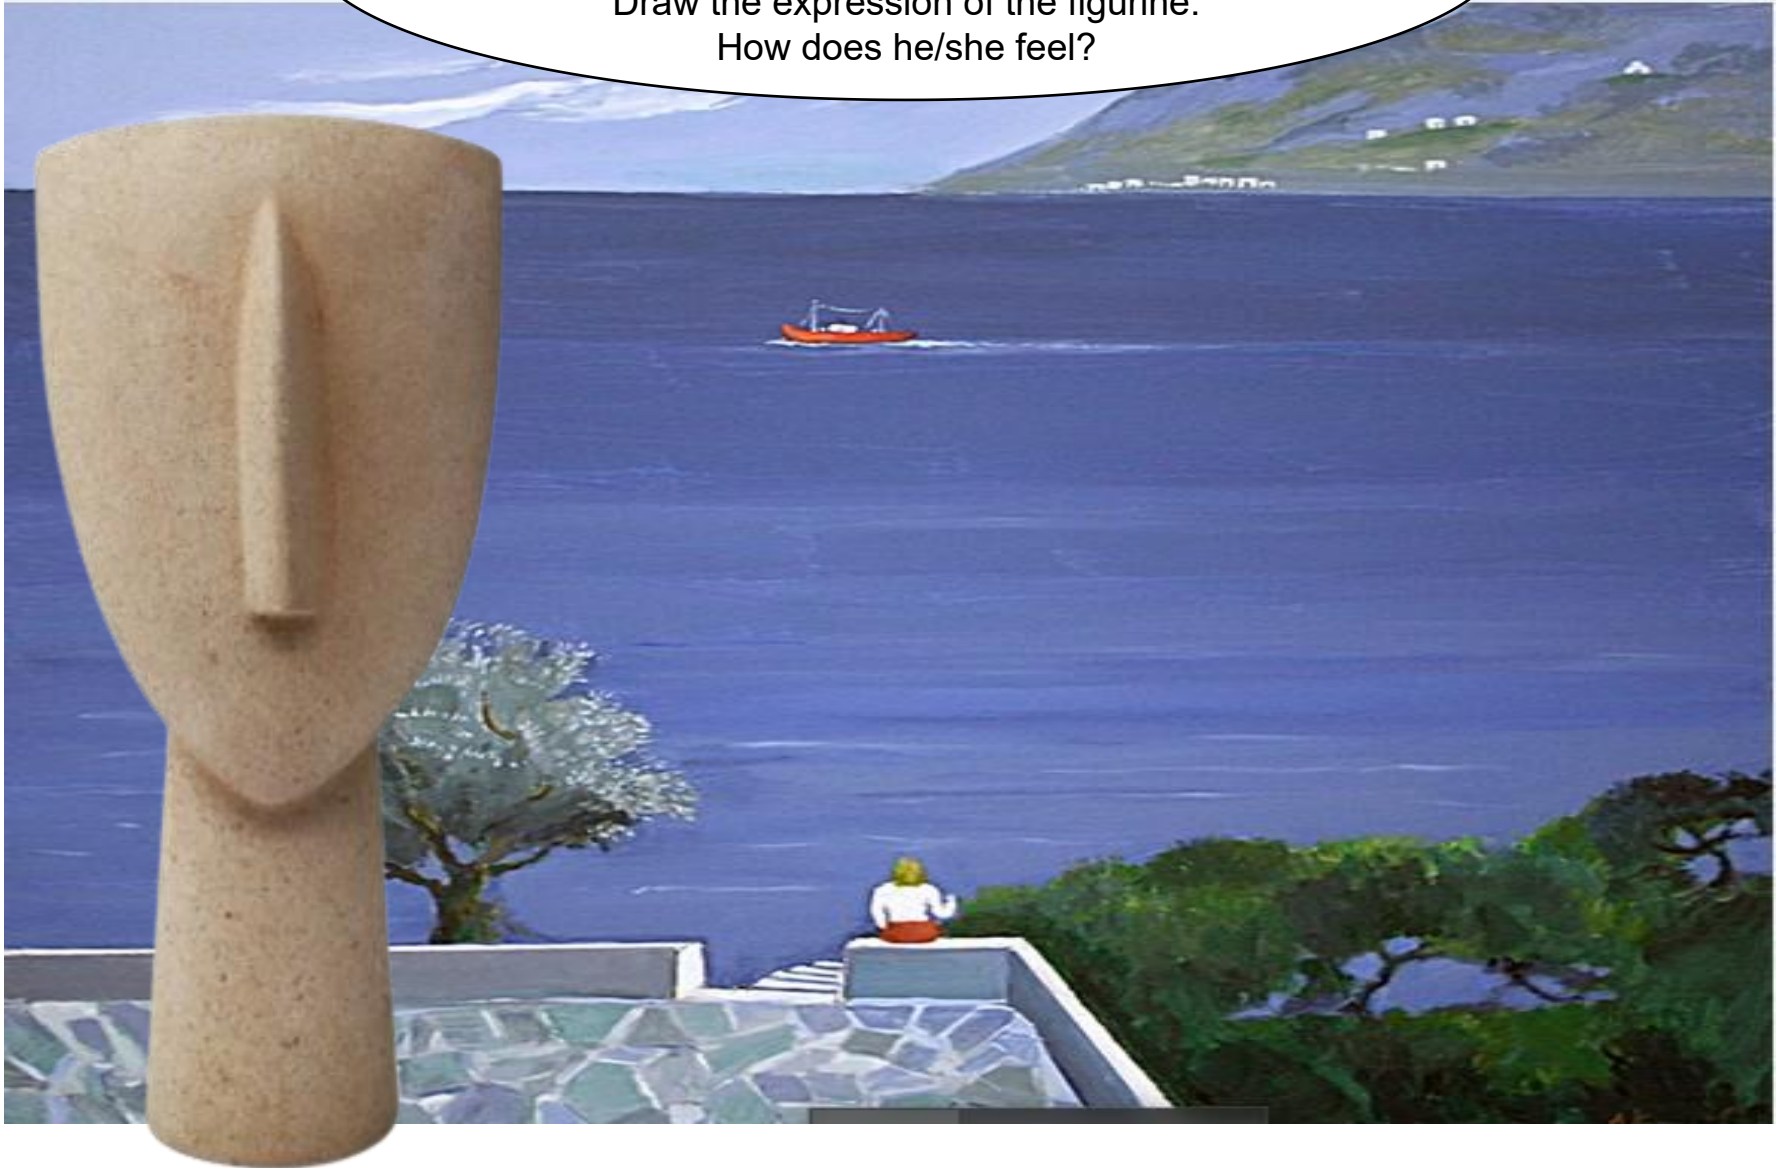

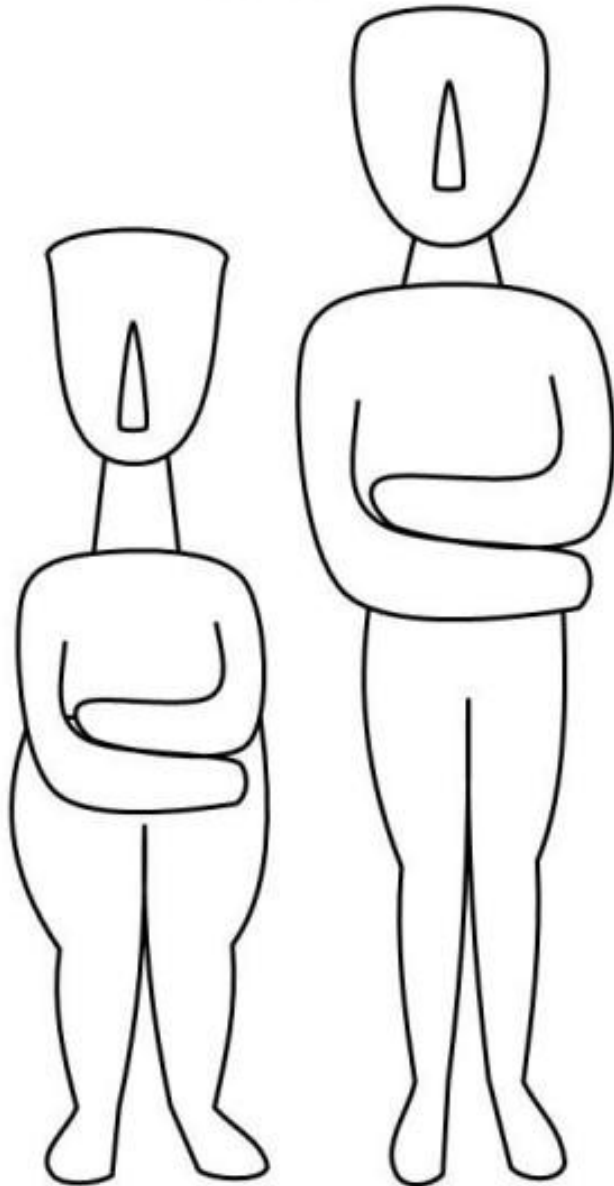

Look at the painting of
Dimosthenis Kokkinidis - "Cyclades" in
<https://ikastikos-kiklos.com/ekthesi-kyklades-kokkinidis/>
Draw the expression of the figurines.
How do they feel?

Draw the expression of the figurine.
How does he/she feel?

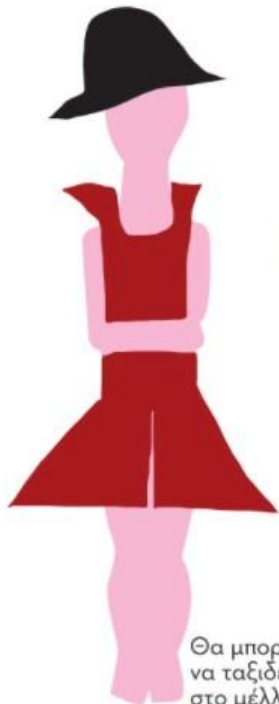

In the following pages you will see some ideas about drawing cycladic figurines. Use your imagination and create new figurines!

You can find these activities in the following link of the Museum of Cycladic art
<https://kidscontest.cycladic.gr/en/mathaino/we-are-drawing-figurines/>

Σχεδιάσε τα ειδώλια σε όποια επιφάνεια σου αρέσει, χρωμάτισέ τα, πρόσθεσε στοιχεία, κόψε το περίγραμμα, φτιάξε στολίδια, μπλούζες, φανταστικούς ήρωες, ιστορίες, τέρατα, ακόμα και τη θάλασσα.
Σίγουρα μπορείς να σκεφτείς κι άλλες ιδέες με αυτά τα σχήματα.
Draw the figurines on any surface you like, color them, add various details, cut them out, and create ornaments, T-shirts, imaginary heroes, stories, monsters, even the sea.
You can certainly come up with many other fun ideas for these shapes.

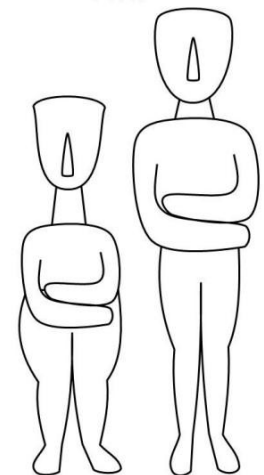

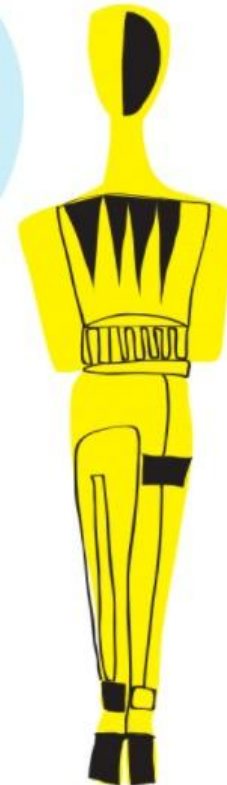

Θα μπορούσαν να ταξιδέψουν στο μέλλον
They could travel to the future

Θα μπορούσαν να γίνουν μια μάσκα
They could create a mask

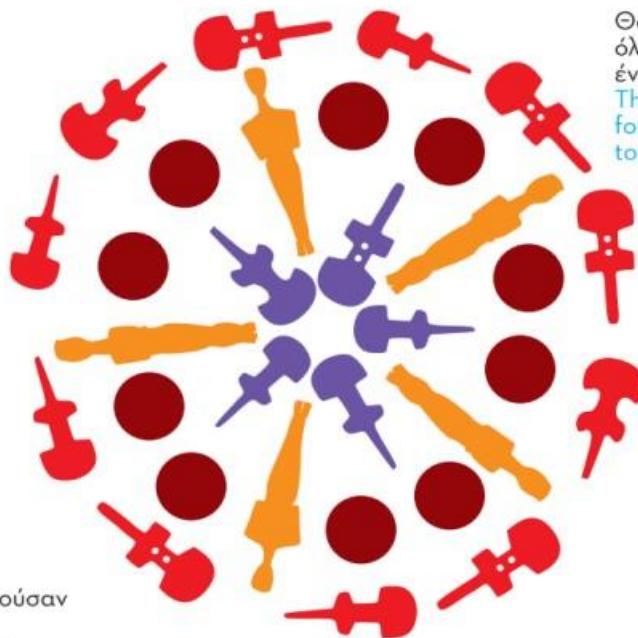

Θα μπορούσαν να ανήκουν σε μια φυλή ιθαγενών της Αφρικής
They could belong to an African tribe

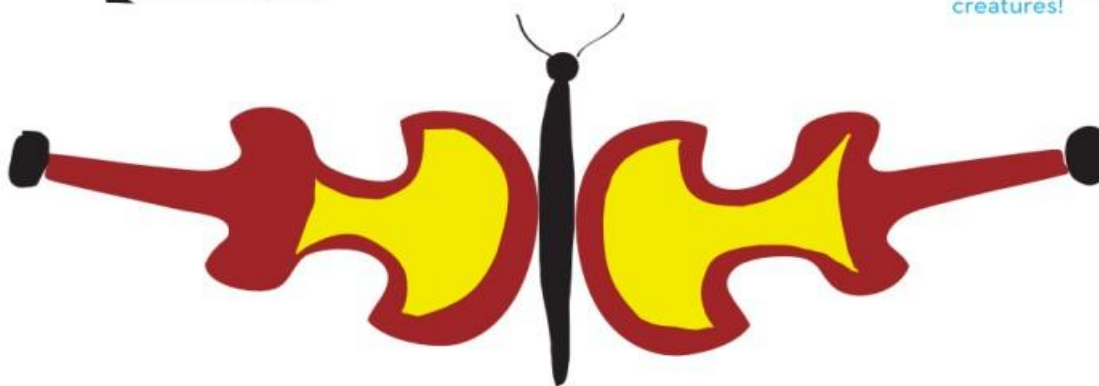

Θα μπορούσαν
να είναι
παράξενα
πλάσματα
They could be
weird creatures

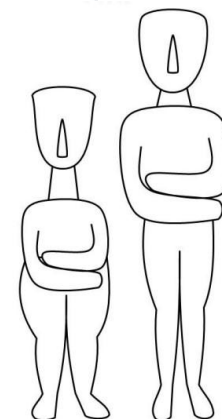

Θα σχημάτιζαν
όλα μαζί
έναν κύκλο
They could
form a circle
together

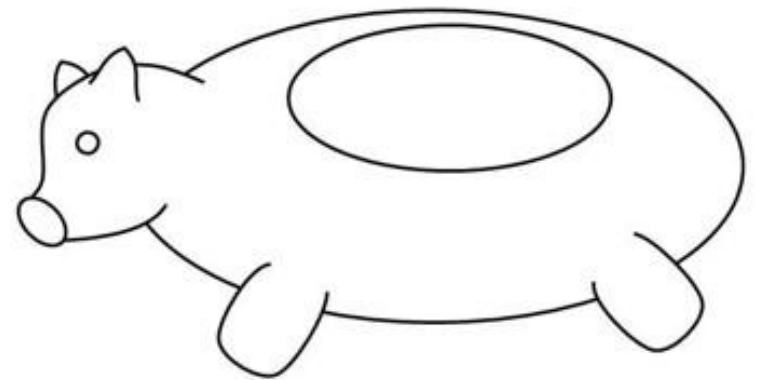

πολύ
παράξενα
πλάσματα!
they could
be very weird
creatures!

Θα μπορούσα
να γίνουν
φτερά
πεταλούδας
They could
become
butterfly wing

In ancient times, people living in
Cyclades, made animal like artifacts..
Here is a compass looking like a..... (pig)
Can you find this animal in the picture?
Draw your own compass!

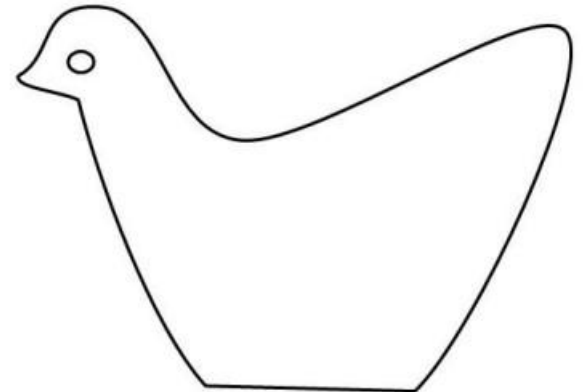

... They took care of birds and they
created small marble figurines of them,
too.

How many pigeons do you see in the
picture? Circle the correct number!

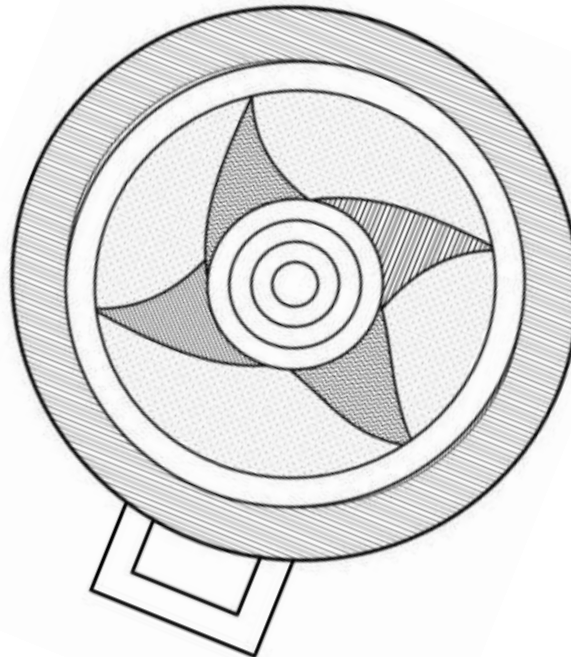

Draw your own pigeon!

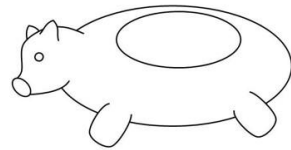

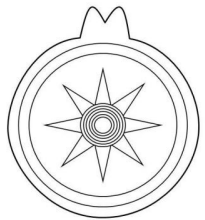

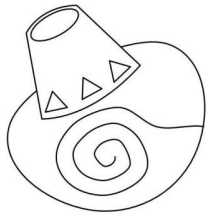

1 or 2 ?

There many other artifacts that served for their needs in every day life like pan-shaped figurines and pots..
Which of the two figurines matches the drawing?

This family uses several pots, compasses and pan-shaped figurines.
Search and count them!
Can you find them?

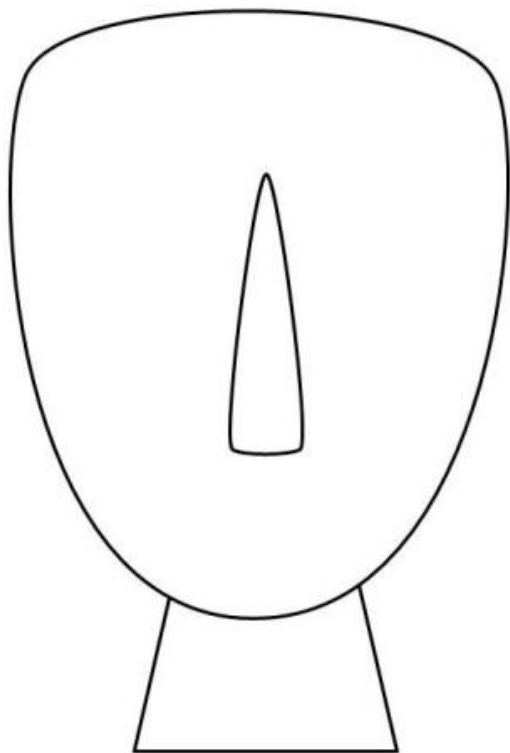

Imagine that you live in this house by the sea...

How do you feel?

Draw your expression..

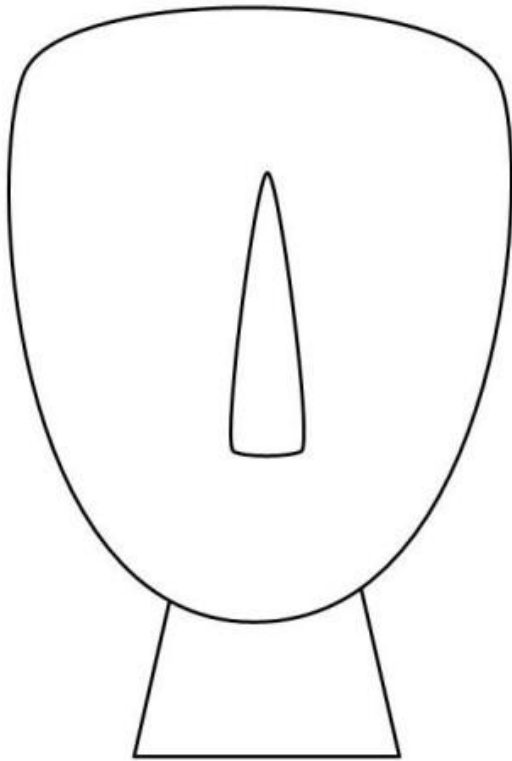

You can find more paintings of Michalis Oikonomou in the
site of the National Gallery

This is another painting of Michalis Oikonomou...
Imagine you are looking at these rough sea waves!
How do you feel?
Draw your expression!

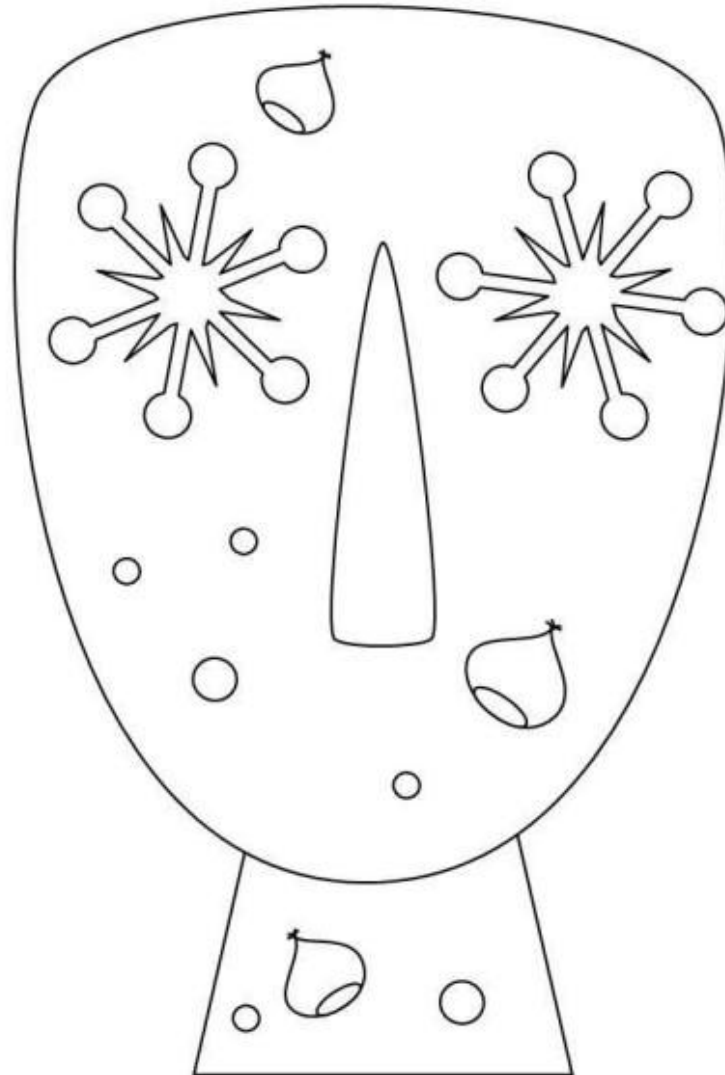

What is your opinion?

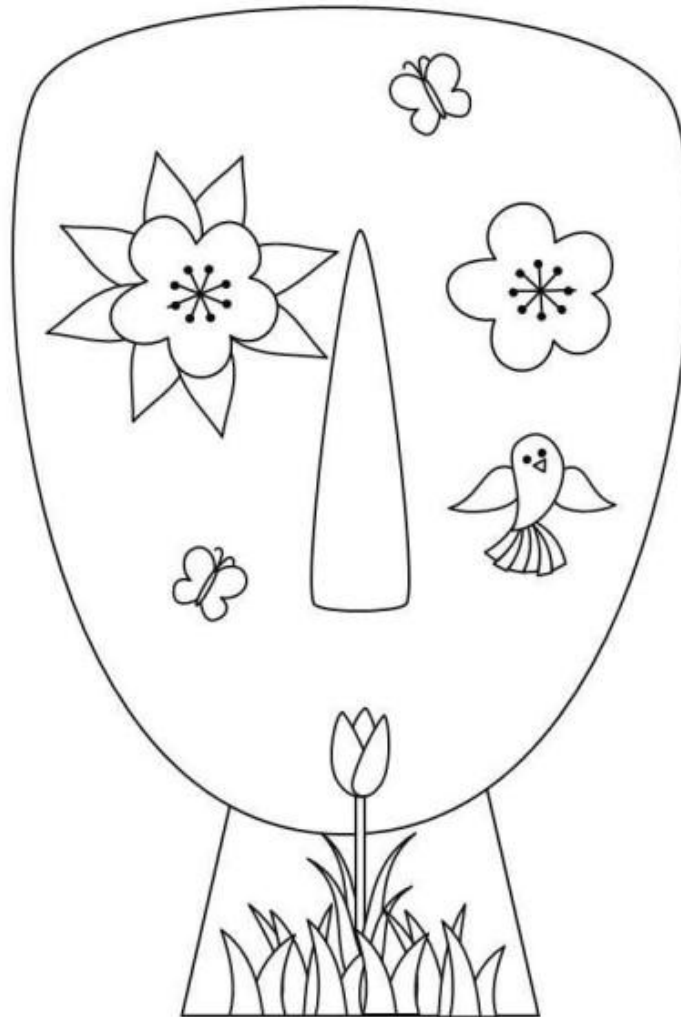

In which of those two places do they feel calm?
Draw their expression and mach the correct
picture
