

Hi European friends,

we are the 15 kids from Longone's 5th class. Our teacher is Elisa, we also have other teachers. We are fun, talkers and amusing. We work a lot in class. At this time we are decorating the school for Christmas. It's wonderful to see your works and photos on the E-Twinning platform.

Now we present ourselves better!

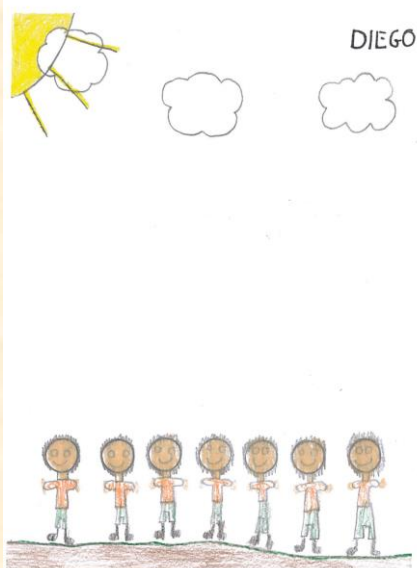

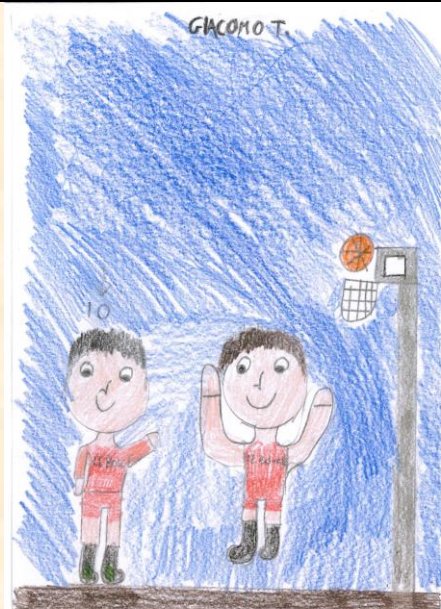

Hi, I'm **Filippo**, I'm 10 years old, I'm nice and I like playing sports. I swim and play skateboard, but I also played football. I really like foods like hot dogs, burgers and cakes, but if there's one thing, I don't like it's cheese. I play a lot with my classmates who are nice and very funny. I also like drawing, especially manga.

Hi, I'm **Giulia R.**, just call me Giuly and I'm 10 years old. I'm very shy, but very smiley. I like being with my family and with my cat. I also like skiing on snow and also on water. I really enjoy skiing on water because when I fall I don't hurt myself much, but sometimes I do a little. My favorite food is pizza. I like our class because there are few of us. My favorite colors are blue and black. When I grow up I would like to be a firefighter. In my free time I like to read or play with my sister.

Hi, I'm **Martina**, but you can call me Marty. My passion is swimming, but I would also like to do football, because in my opinion it is not a sport just for men. My favorite colors are: green, light blue and black. My favorite food is sushi and my favorite subject is science. In my free time I like reading and watching Formula 1 races. My dreams are many: to go to Finland. Becoming a Formula 1 driver, going to space and knowing how to play the guitar well (in fact I already play it). I have a cat called Kira and she is 11 years old, she loves me and really likes scratches under her chin, she is black with yellow eyes and doesn't get along with other cats. I really like Christmas because I go to my grandmother's, I can wake up late and I like unwrapping presents.

Hi, my name is **Giacomo T.**, I'm a sporty boy, I only play basketball, but I also like other sports such as football. I do quite well at school, my favorite subject is mathematics. I have many favorite foods including pizza, hamburger, sandwich and mozzarella. I'm very energetic and friendly, but sometimes I get a little too angry, especially in the gym. My favorite colors are black and blue, because I support the Inter football team which has the blue and black shirt. I like reading and sometimes I also play video games.

Hi, I'm **Diego**, you can call me Diegotos, I'm the youngest child in the class. The sports I would like to do are swimming, golf and football. I like playing with Lego with my friends Andrea, Nicolò, Filippo and Giacomo T., but I especially like playing outside in the garden. My birthday is December 19th. Here at school we do many things: we read, study and learn. We are in classroom n°3 and we have been here for five years. I would love to meet you in person!

Hi, my name is **Andrea**, I'm a video game enthusiast. I like to play football. I'm nice, but I get angry easily, I like to eat sushi and pizza. My best friend is called Diego and I like playing with him.

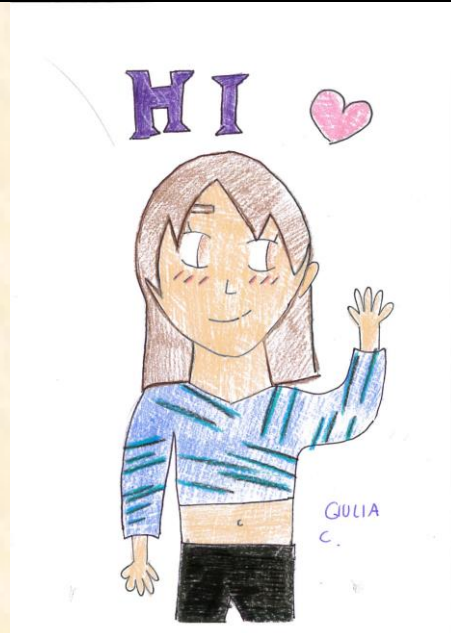

Hi! My name is **Silvia**, but everyone calls me Sissi. I am an energetic girl and I play many sports, including karate, swimming and tennis, but I would like to try basketball. After all the sports I do, I like to eat! My favorite foods are piadina and pizza, the best known Italian food!!! I really like drawing, I draw anime, wolves (my favorite animal),... but above all TV characters that inspire me. I really like video games, the colors pink and white, in fact I have a white console with pink stickers attached.

Hi, I'm **Cristina**, but you can call me Cri. All my friends say I'm very imaginative, a very creative girl! I do two sports: athletics and horse riding. Athletics is a nice sport, horse riding is my favorite sport! When I grow up I want to be a horsewoman. I usually ride Nandro, he is all brown with a white spot between his neck and back. My favorite foods are pizza, piadina and spaghetti. My favorite brand is Nike, especially Jordans! My favorite colors are: orange, purple, pink, black.

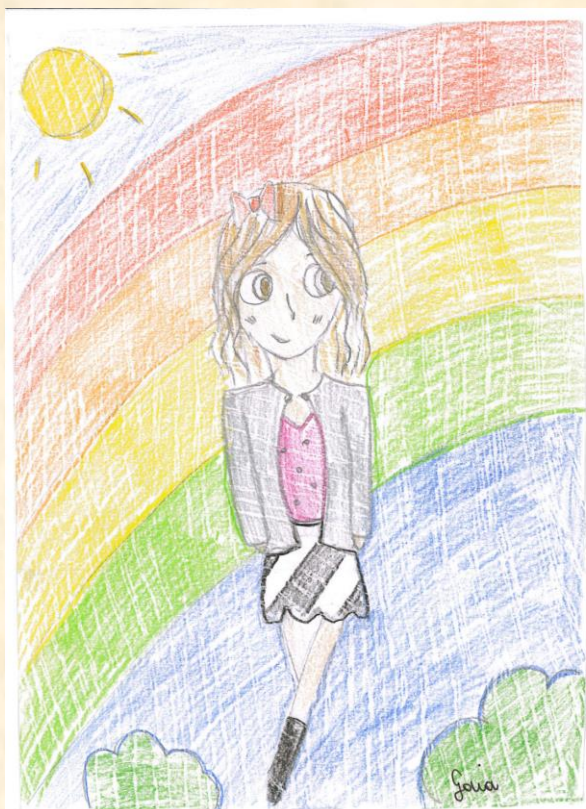

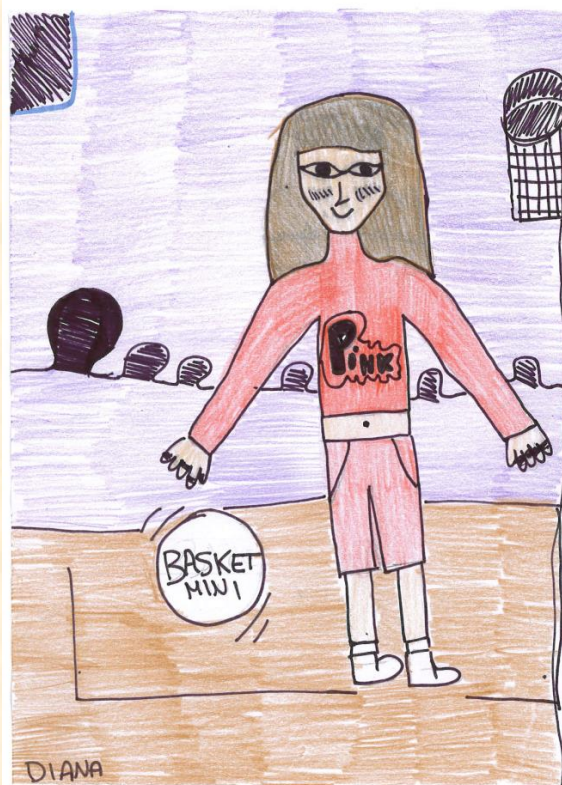

Hello European friends, I'm **Giorgia D.L.**, I'm cheerful and nice, very nice! I love my class and I have many best friends. But now let's talk about my favorite holiday, without a doubt it is Christmas! My favorite foods are sushi, kebab and many other delicacies. I have a dog named Lino.

Hi! My name is **Giulia C.**, and I'm in 5th grade! I have strengths and also a few flaws: I'm cheerful, nice and I almost never get angry. My flaws are that I should be more sure of myself and also less of a coward. I have a best friend: Diana, she is super nice and sweet. My favorite food is sushi, but pizza isn't bad either. I love going to school to learn new things and be with my friends. I do theatre, and I enjoy it a lot because the teacher makes us act in a nice way. Oh I forgot! I have a kitten named Mia.

Hi, I'm **Giorgia G.**, I like drawing and I also like adventure comics. I am very lively and very nice, my favorite colors are: black and violet. My favorite foods are sushi and pizza. I have a cat called Schizzo, who however lives with my grandparents with a dog called Yedra, while I have two turtles, the largest is called Ruga, while the smallest is called Rughina. My flaw is that I'm too nervous and sometimes I don't stop to think. My favorite subject is art.

Hi, my name is **Diana** and I'm the tallest in the class and also the oldest! I have a lot of fun with my class, it's like it's my second family. I play and laugh with them, so much that one day water came out of my nose! Sometimes we argue, but soon after we meet and with a couple of glances we understand that we want to make peace. They always understand me in fact I don't know how I will go to middle school without some of them. I'm having a lot of fun these days because we're decorating the school for Christmas. I do sports: swimming and basketball (our team is called Pink, in fact our uniforms are pink and so are the shirts for the games). This is me and I'm happy to be like this, because I'm unique and special!

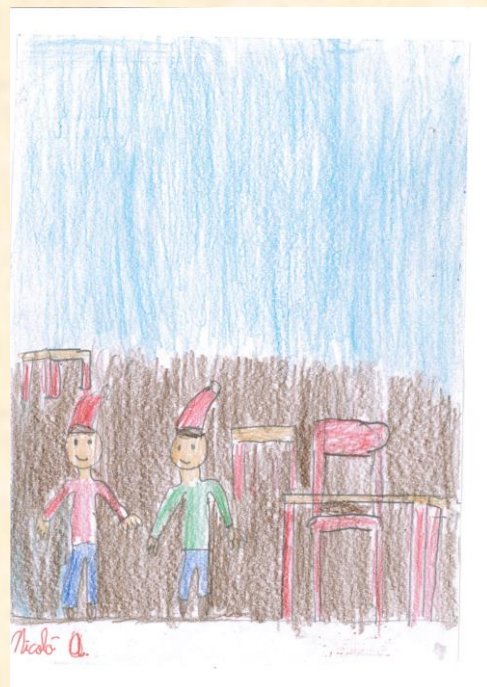

Hi, I'm **Gaia**, I have many friends and I always have a lot of fun with them!!! One day, during physical education class, I was in a team with two of my best friends, Diana and Silvia, and we won a game: 5 – 0! I laughed, cried with joy and had so much fun! I really like pizza, but I would also like to try sushi, I'm very curious, cheerful and friendly. In a year I will go to middle school and I don't know how to abandon some of my friends. My favorite subjects are: science, music, art and geometry. I'm quite tall and I would like to play basketball. A few days ago I tested for an artistic gymnastics course. In the future I would like to try synchronized swimming. I really like dance and I would like to become an actress when I grow up. My favorite holiday is Christmas, because I like being in company, I also like gifts!

Hey hi, I'm **Giacomo V.**, and I'm one of the few boys in the class. I always have fun with my classmates. My favorite food is chicken, but I also love pizza. I go to karate with my partner Silvia and we always have fun. At school, we do lots of projects with the teachers, but also lots of crafts. In art class we often listen to music while we work, and it's great because it really relaxes me! Our teacher Elisa changes our seats every 2/3 weeks and I really like this because this way we can all get to know each other better!

Hi, my name is **Nicolò** and I'm one of the shortest in the class. I'm very funny and a friend to everyone, I have a lot of fun with them, I laugh... sometimes a little too much. I'm very talkative, I go to the canteen every day because my dad can't come and get me. My favorite food is pizza, but I also like piadina and sushi. I don't have best friends, because they're all best friends. But sometimes we get into arguments, but the next day we play together as if nothing had happened. My favorite month is December because there are my name day, my birthday and my favorite holiday: Christmas!

Warm greetings from Italy!!!!
