

# OSTRAVA!!!

**Hello, I am currently in Ostrava.**

**It is a city located in the Czech Republic close to the Polish border.**

**This town is originally a mining town, but nowadays it is colorful.**

**The international music festival Colors of Ostrava takes place here every summer.**

**There is a lot of greenery in Ostrava and technical monuments are used as cultural centers.**

**The most famous industrial complex is Dolní oblast Vítkovic.**

**There is also a zoo and many theaters.**

**Below the school where I am this week is the Silesian Ostrava Castle.**
