Note by the editor:

We are so glad to present the second volume of our newspaper! We are also glad to introduce some new writers from another school as well! We want to thank the students of the 9<sup>th</sup> Primary School of Aghia Paraskevi and the wonderful teachers who contributed with their love and enthusiasm, Miss Lia and Miss Vasso (listed in alphabetical order)

## BREAKS

We have an idea regarding breaks. I think the first break should last 30 mins, the second break and the third break should last 15 mins. A good idea for the breaks would be to have a large room with a TV and comfortable seats where we could watch a film and have some free snacks. If we don't want to watch the film, we can play in the playground or draw in our classes.

## CELEBRATIONS

We believe that we should celebrate many special events like Fat Thursday (=Tsiknothursday!), April's Fool, May Day when you can exchange handmade gifts.

## CLOTHES

Every day we will wear something different. For instance, on Tuesday, we will wear white T-shirts and blue trousers. On Thursday, we will wear pink blouses and blue trousers. On Thursday, we will wear sweatshirts and sportswear.

## EXTRA CLASS:

Aris, Anthony, George, Ladies and gentlemen! We are presenting you the Bazaar class. It's a class where we will be making things from wood and colors. We will also be making natural things. We will make a little house from wood from our bazaar. We will sell the things we make at the weekends, outside the school door.

For an extra class, I want to do Chemistry and football lessons, because I just like Chemistry and football.

For an extra class, I want to have a relaxing hour because sometimes I get very tired.

For an extra class, I want us to organize movie lessons and gardening, because I love movies and nature.

## FOOD

### THE BOUGATSA" SAGA

We believe that Marios Bozionelos' idea was pretty good. We think that bougatsa is a really tasty food. His article was amazing and we totally agree.

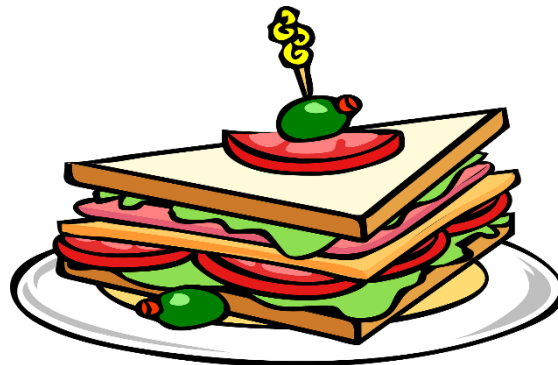

What about the food in Greece? Here are the ideas of the students of the 9th Primary School of Aghia Paraskevi.

Ladies and gentlemen! You are reading the special news from the 9th Primary School of Aghia Paraskevi, Athens. We are here to tell you the best food in Greece. It is the souvlaki. It has tomatoes, potatoes, onion, lettuce, and chicken gyros. This is my favourite food. Things I don't like are: okra, beet roots. Thanks for reading our paper. I hope you liked my article today.

### FOOD SWAP

Here is what we're going to do! We will come to our school with our lunch boxes. When we enter the class, we will swap our lunch boxes with each other. By the end of the day, we must eat all our foods.

### FOREIGN LANGUAGES:

#### HERE ARE SOME OF THE STUDENTS' SUGGESTIONS!

- Hello there. I have a problem. I don't know which new foreign language to pick. I have found two languages and all students have to vote for one. Here are the two languages:

Spanish: Spanish is one of the most widely spoken languages. It is not hard to learn, especially if you speak other languages like French.

Italian: Italian is another really popular language. It's slightly less hard than Spanish.

So what would you pick?

- It's nice to learn a little French, German and Italian. However, the other language we should learn is Chinese. It's a difficult but also strange and entertaining: 地狱 means hello!

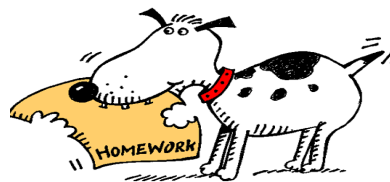

### GIFTS DAY

Every student can bring toys, stationery, books or whatever they want. They can also make handmade gifts. On this day, the headmaster/mistress will hand out the gifts to every student. If there are any gifts left, we will give them to poor children.

### HOMEWORK

How much homework should we have? This is a question that every student has thought of. Every day we have so much homework. We have Language Lessons, Maths, History, Geography, Physics and English. Let's not forget about the tests! We sit for a test at least twice a week.

### MOVIE NIGHTS

Lots of suggestions regarding movie nights too!

Christmas is over but movie nights are here to stay. At the weekends you can watch a lot of movies like Ice Age, Home Alone, Scrooge and Gringy again and again. You can take your friends and go to the cinema too!

Comments: We agree on some things but we disagree on the day. Saturday isn't a good day because some students can't go to the movie theaters.

### PARTY DAY

This day we do whatever we want! We eat whatever we want! We come to school to school without our bags and **IF** the headmaster/mistress agrees, we also have a sleep over!

### POSCA DAY

The day of Posca will be the following: Every student as many posca markers as s/he wants!! Every kid will have at least one. If there is a kid without a posca marker, others will give him.

## SPORTS

Students should play sports more often. In our school football is the most favourite sport. We must play football three times a week. Another very popular sport is basketball. Some students love basketball and play it every day. We want to have a bigger and better football field, a swimming pool and a handball field. This way, our school will be better.

## ADVICE COLUMN

Dilemma no. 1:

Hi! I have an issue. I really want to learn French but I just can't. I have tried everything; studying, doing exercises, literally everything!! But I just can't do it for some reason. My mum pressures me so much that I'm about to explode. What do you think I should do?

Manos

It is better to listen to music than watch TV al day. I like listening to music from Youtubers. Do you like among us? Then you must listen to this music.
