Athens is famous for its ancient history and the amazing temples like Parthenon and Acropole. Acropole was made to honor Goddess Athena. Has many tourists come, every year, to visit Athens to go sightseeing.

Athens has beautiful places to eat and tasty food. It has also nice parks to go for a walk. Athens has the best weather in the world. That's why I love Athens.

There aren't any rare animals or trees in my area. You can eat fresh fish and the famous souvlaki.
