

## **YOU AND A STRANGE GIRL**

It was late at night and it was raining heavily. You were in the street walking when you saw a girl in a house holding a doll and destroying it.

Then you ask yourself “Why is she destroying a doll?”. You decided to knock at the door to find out. She opened it. She said “Come in “. You went to say “no thank you” but she told you again “COME IN”. This time the girl was angry and you just nodded “Ok”.

When you went in, you saw weird things like red candles, notes which wrote “HELP” and “RUN FOR YOUR LIFE” and creepy dolls everywhere. While you were looking around the room, the girl said to you “I am going upstairs for a minute”.

Twenty minutes passed but the girl never came down. Then you decided to go up the stairs. When you went up, you saw nothing but a creepy doll with a note which wrote “*YOU ARE THE NEXT WHO WILL TRANSFORM INTO A DOLL...*”.

When you read it, you heard a strange noise coming out of the window. You looked outside and you saw a ghost which was the girl who you had met.

Do you think it was a nightmare? Is it just a story or not?
