

# My Carnival, Your Carnival

School and class: Astrid-Lindgren-Schule, K7/K8, grades 3+4

City and country: Monheim am Rhein, Germany

Hello there! Thank you for participating in the "My Carnival, Your Carnival" culture exchange! First, you can collectively draw or make a collage about Carnival in your country or region:

Now, explain to a class of students from a different country what your Carnival is like. What is the best part about it? How do people dress up? Do you wear masks? Feel free to be creative!

Hello, we celebrate "Karneval" in Germany.  
For carnival, we dress up and walk through the streets with our costumes. You can dress up as pandas, police, sharks, clowns and much more.  
Everything is festive and very colorful.  
There is a parade with many wagons. People throw candy off the wagons. The prince and princess of carnival have their own wagon.  
Watching the parade is a lot of fun!  
How do you celebrate carnival?
