

Spring

Birds are singing

Flowers are blooming

This is spring!

A girl picks up flowers

A boy wears short trousers

This is spring!

Easter with red eggs

May with beautiful flowers

This is spring!

Boys and girls

Have flowers for hearts

This is spring!

Spring is beautiful

Spring is wonderful!

Spring, spring, spring!

Spring
my favourite season!

Spring
makes me sing.

The sun is shining
and the flowers are smiling.

The birds
are making their nests
to lay their eggs.

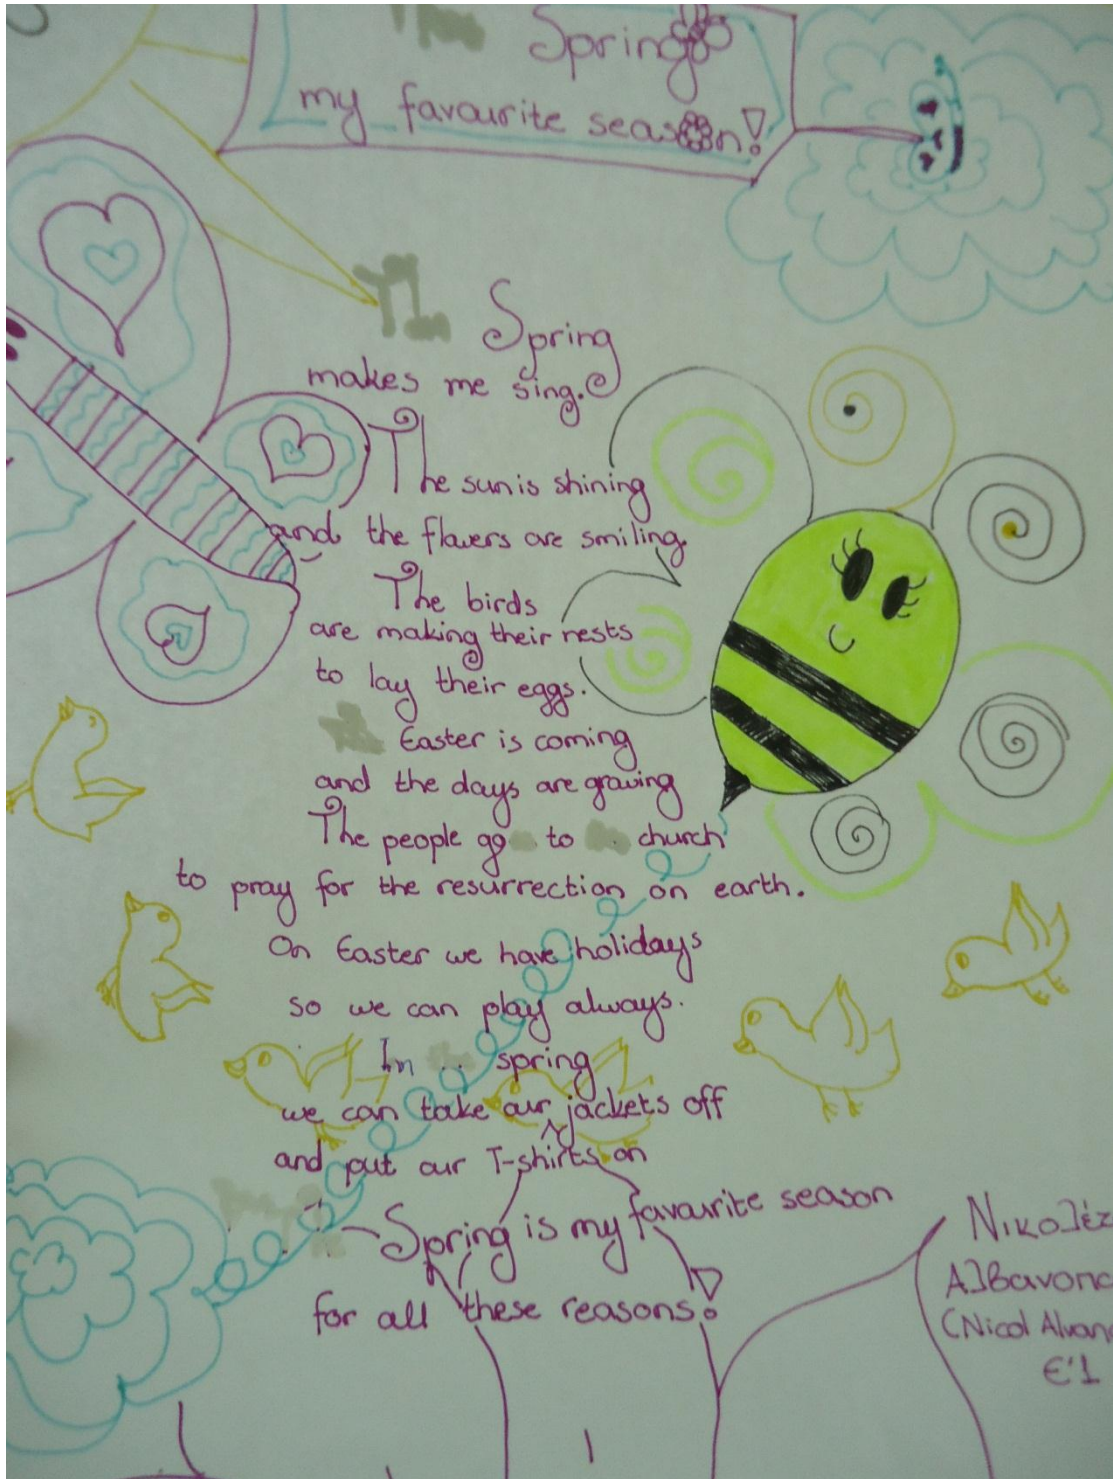

Easter is coming
and the days are growing.
The people go to church
to pray for the resurrection on earth.

On Easter we have holidays
so we can play always.

In spring
we can take our jackets off
and put our T-shirts on.

Spring is my favourite season
for all these reasons.

It's hot,
it's sunny
it's a wonderful day!

I am so happy because it doesn't rain!

The flowers are happy,
the animals too!

Let's go for a swim,

let's go to play,

let's play with the kids!

What do you say?

It's a great day today!

it's a lovely day today!

I am so happy because it doesn't rain!

Everyone,
Everything are so happy this day!

The foxes, the oxes, the butterflies, the dragon flies
are so happy today?

The kids and the people are too happy this day!

Let's go for a swim,

let's go to play,

let's play with the kids!

What do you say?

In Summer

In Summer, In Summer
The fruits are lovely
A melon, a strawberry, a peach.

In Summer, In Summer
The children are happy
They eat ice cream and
They go to the beach.

My world

My world looks like a little butterfly

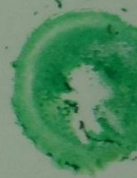

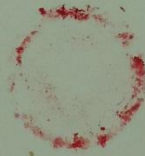

My world looks like a little island

One day I ask my mother and ^{she} answers me

<<Your world is your life>>

My world looks like a little bird

I love my little world

For you

I am a tiny ant on your foot,
I am a piece of food on your tooth.

I am the pillow of your bed,
I am the dream in your head.

I am the ring on your hand,
I am the beat of your heart.

I am the blood in your veins,
I am tied up in your chains.

DOLPHINS

*I love dolphins
they are cute.
I love dolphins
they are so good.*

*They jump in the water
they are so fast
they save people
in need at last.*

*They are very friendly
they are very cool
they can steal your heart
so it will be full.*

A day in Autumn

It's warm, it's sunny

It's a wonderful day

The leaves turn brown

And the wind is blowing them around

Fall on the autumn ground

I'm happy all autumn round

I love to catch the leaves

As they fall from the trees

The birds go far away 

And we can play

The leaves are red and brown

And the children say "Wow"

We are wearing clothes

Coats, boots and socks

We have also got

Trousers, jumpers and gloves

Boys wearing a shirt

Girls wearing a skirt

Happy this day

My dream

In my dream I can fly

I can fly in the sky!

In my dream I have got a giraffe
and she eats very much!

In my dream I ^{meet} meet
my friend in the street!

In my dream I walk next to the sea
but my giraffe is following me!

This is my dream
a strange dream
but who cares

my dream dares! Marina Kallitsari E3
