

# My Carnival, Your Carnival

School and class: Happiness Languages School

City and country: Ourense, Spain.

Hello there! Thank you for participating in the "My Carnival, Your Carnival" culture exchange! First, you can collectively draw or make a collage about Carnival in your country or region:

Now, explain to a class of students from a different country what your Carnival is like. What is the best part about it? How do people dress up? Do you wear masks? Feel free to be creative!
