Keith Haring

Born: 1958 Pennsylvania, USA

Loved to draw cartoons from an early age, especially Walt Disney and Dr. Seuss.

Sold T-shirts, badges & fridge magnets in his NY shop because he wanted people to have low cost access to his work.

Created many art works for charities, hospitals and schools.

When he became sick with HIV/AIDS instead of hiding this he spoke out in public about the illness.

He died in 1990.
