Empowering Disadvantaged Students through Design Thinking for Academic Success

Survey Data for Activity-1

SURVEY DATA

OBJECTIVE

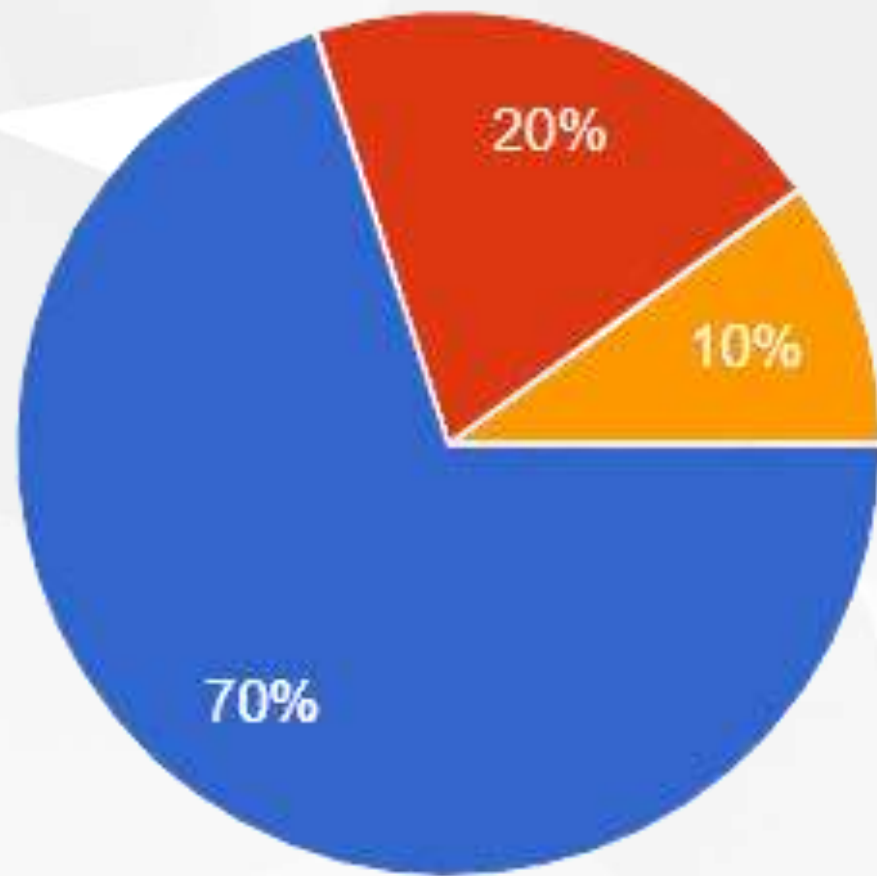

Surveys have been completed by 30 disadvantaged students in each partner country, providing valuable insights into their academic experiences and challenges. In this presentation, we will conduct a detailed analysis of the statistical differences in the responses to each question across the partner countries. This comparative approach will allow us to identify common trends, as well as country-specific variations, in the academic performance, educational barriers, and support systems experienced by these students.

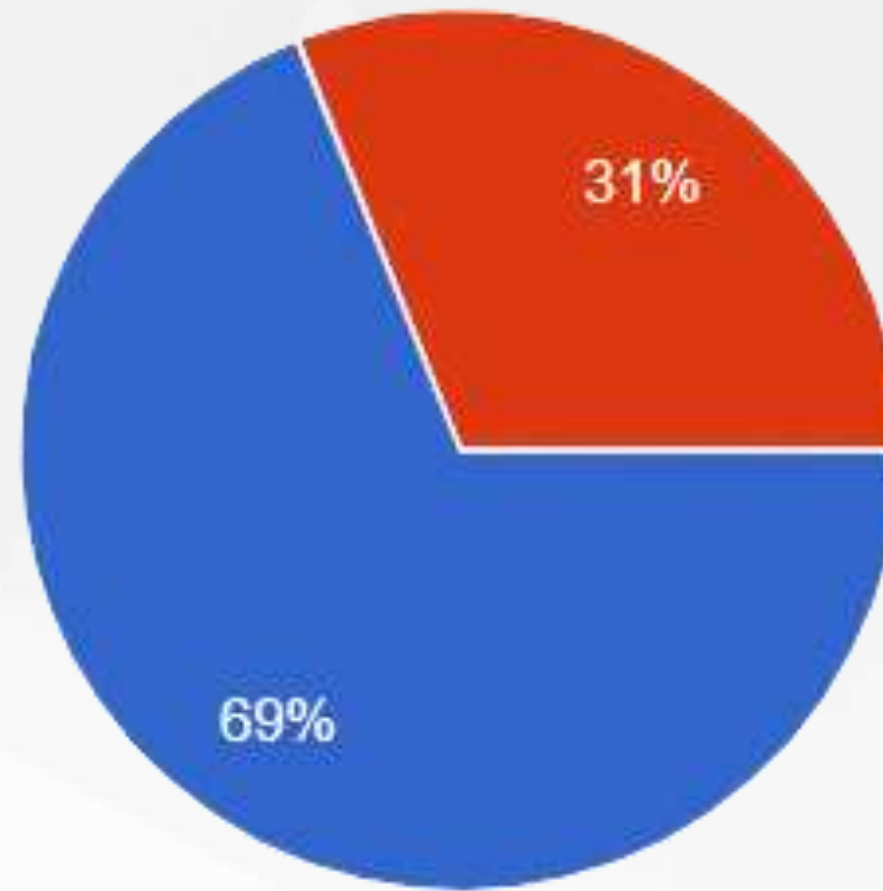

What is your gender?

- Woman
- Male
- I do not want to specify

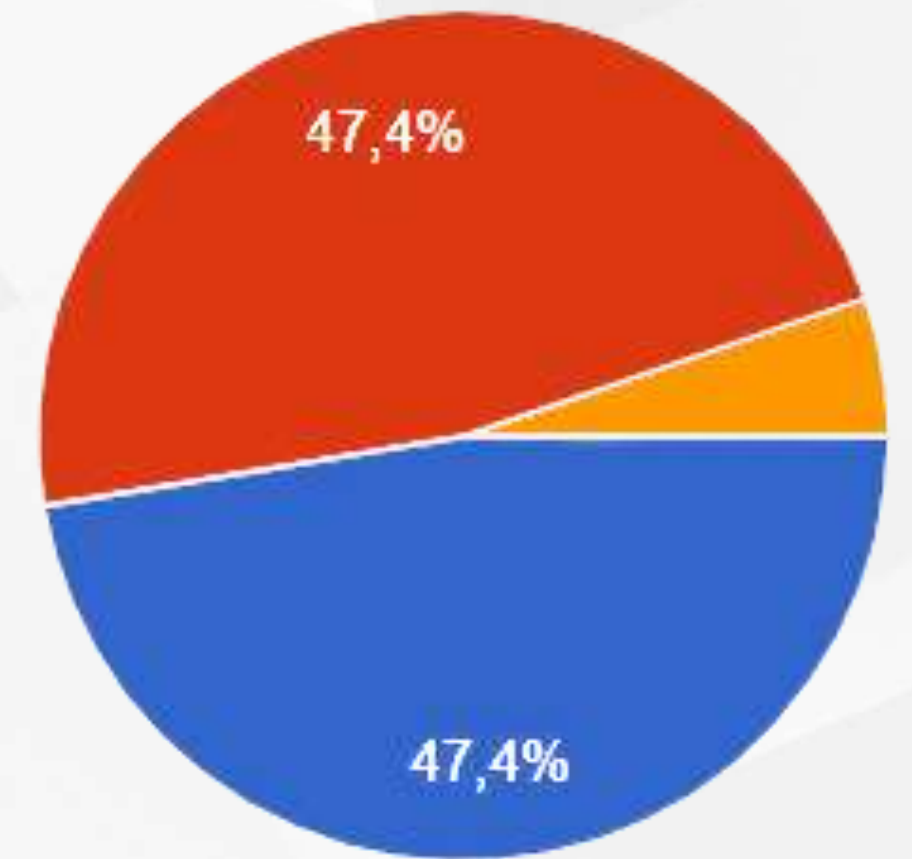

Greek

Turkish

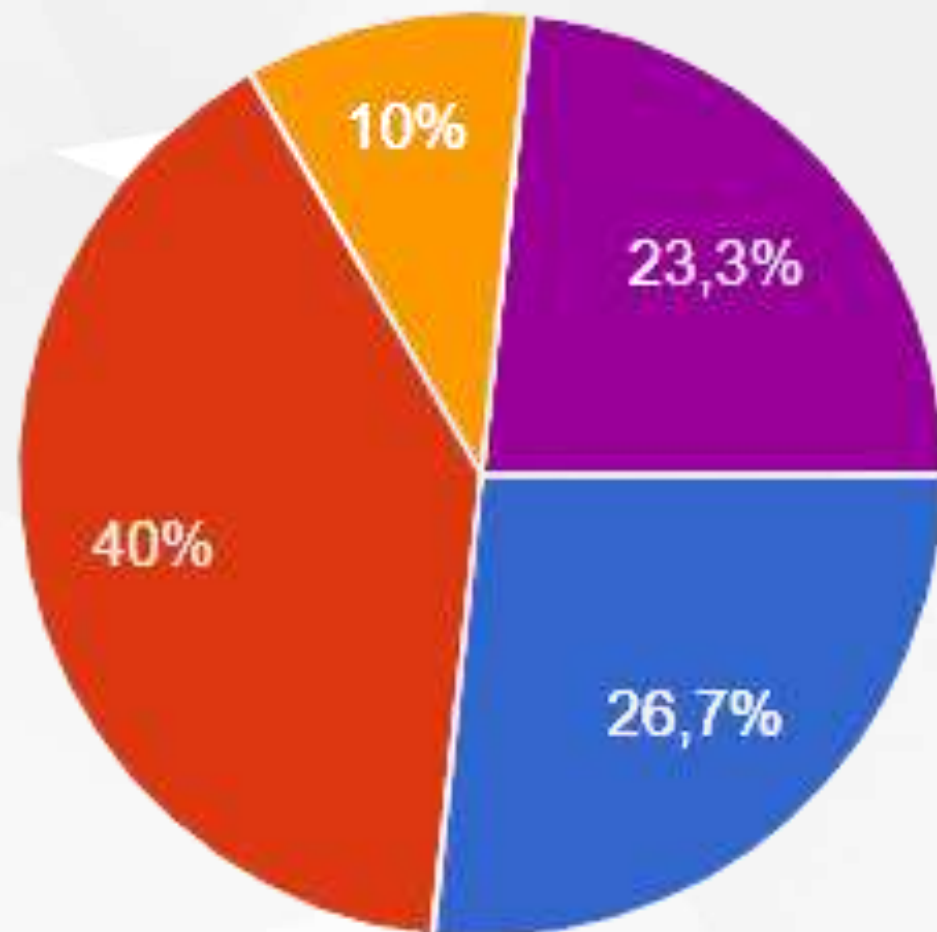

Hungarian

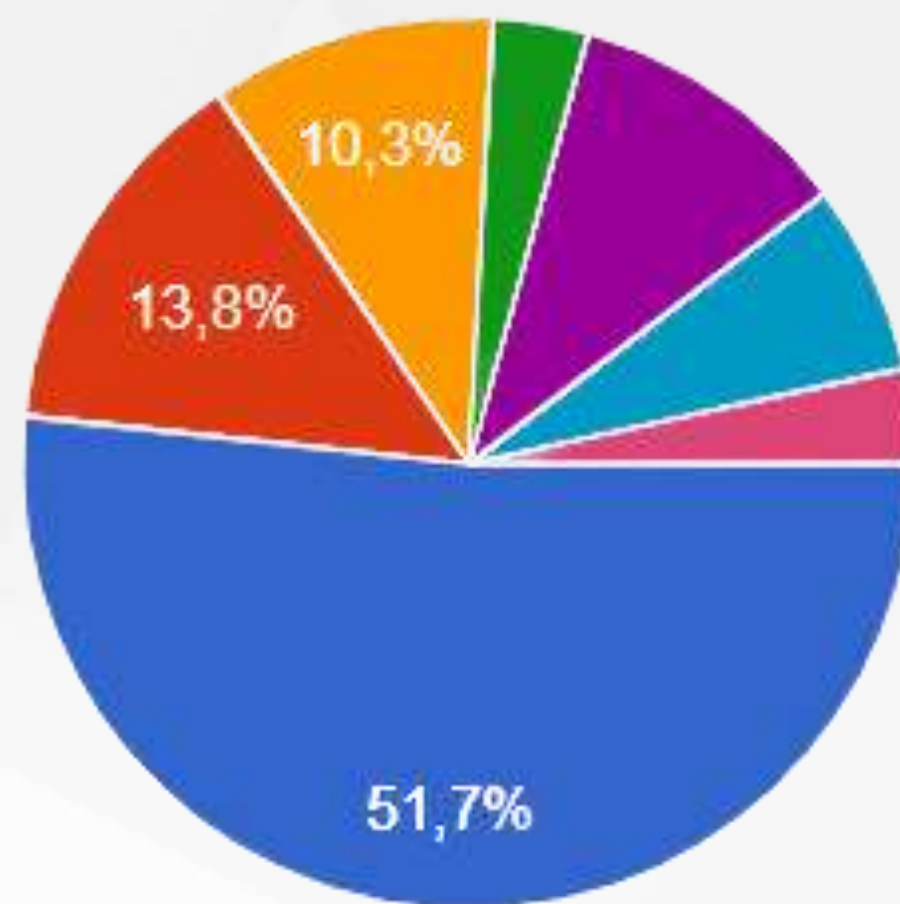

Which subject do you find the most difficult at school?

- Maths
- Science
- Social Studies
- Foreign Language
- Programming
- None

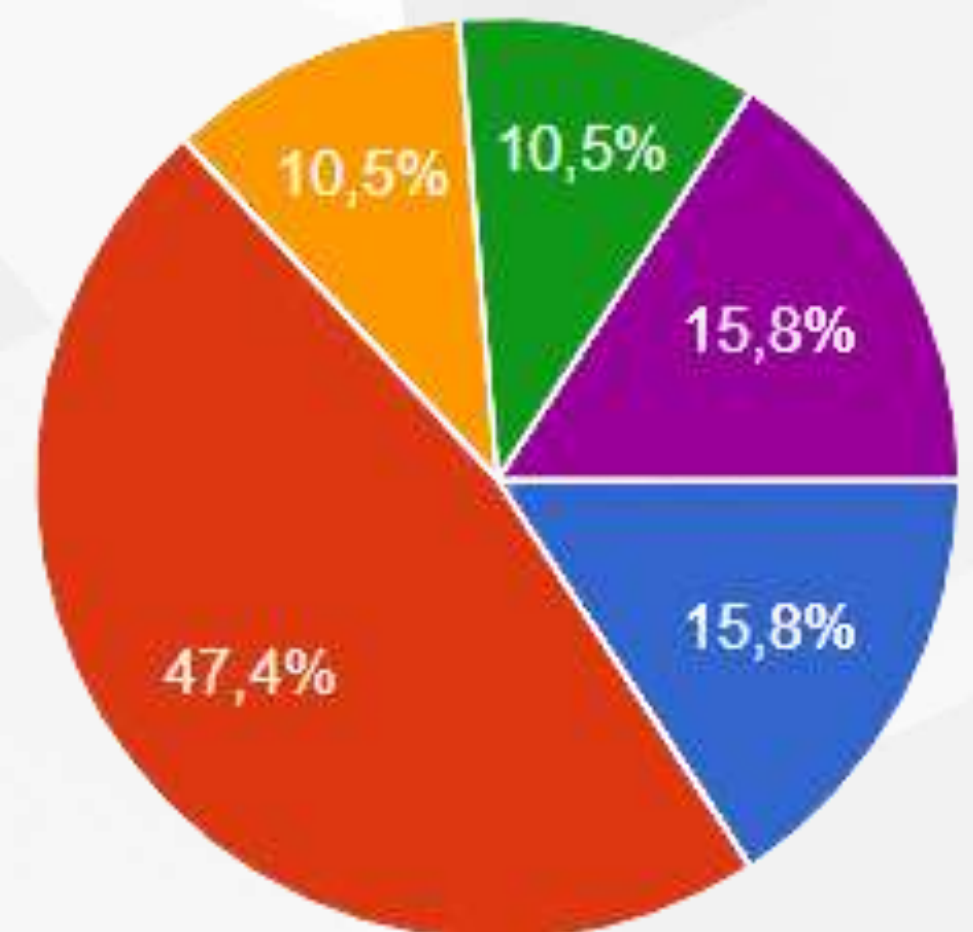

Greek

Turkish

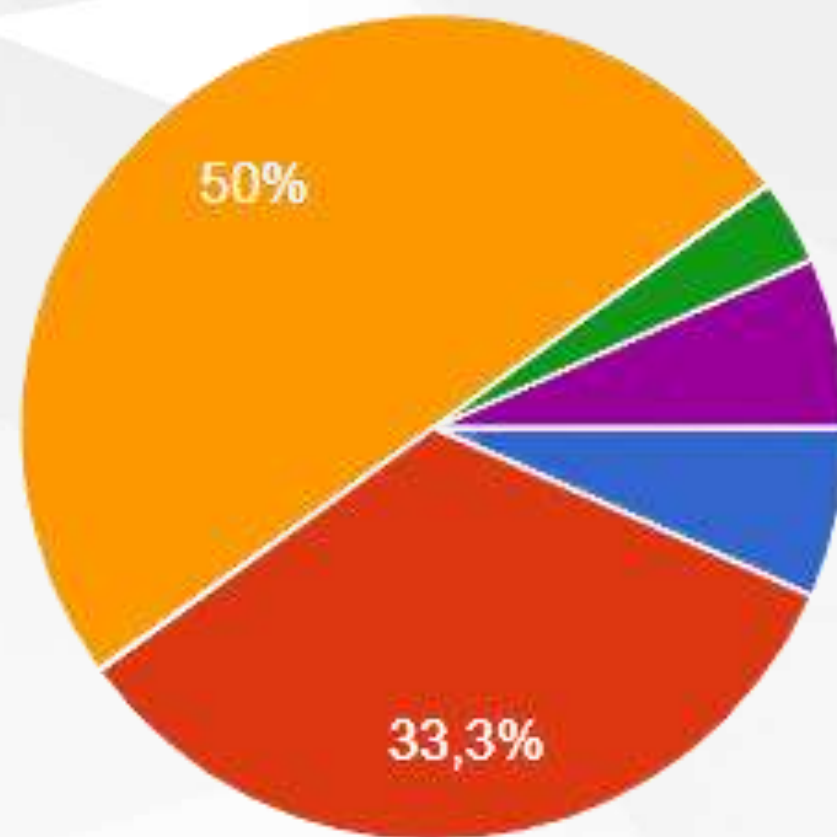

Hungarian

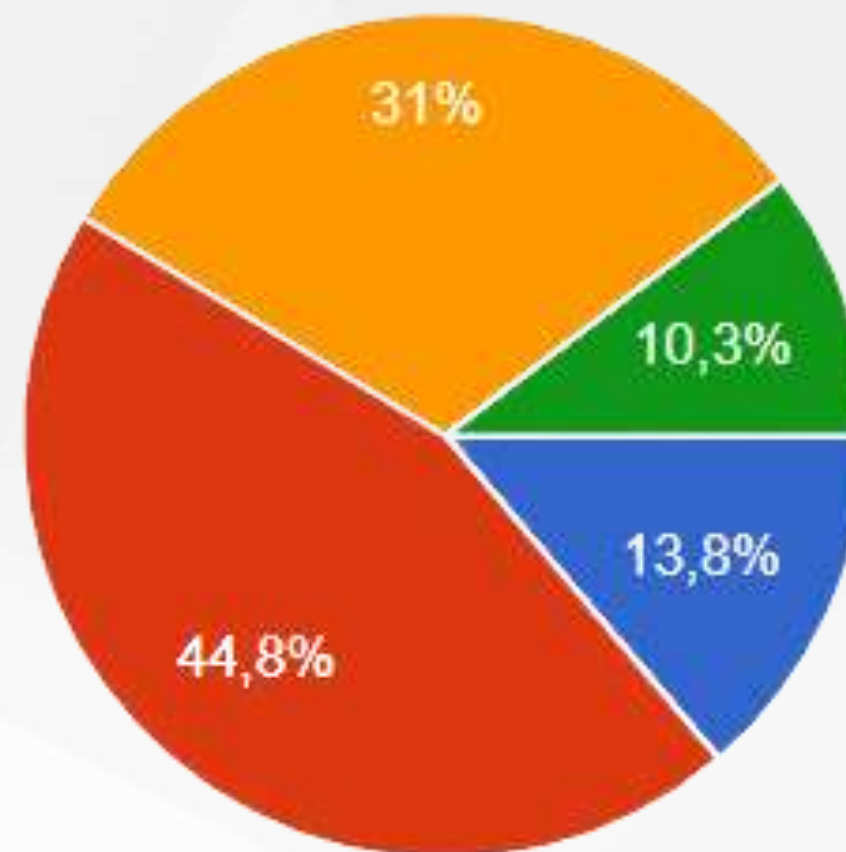

How much time do you allocate daily for studying?

- 0-1 hour
- 1-2 hours
- 2-3 hours
- 3-4 hours
- more than 4 hours

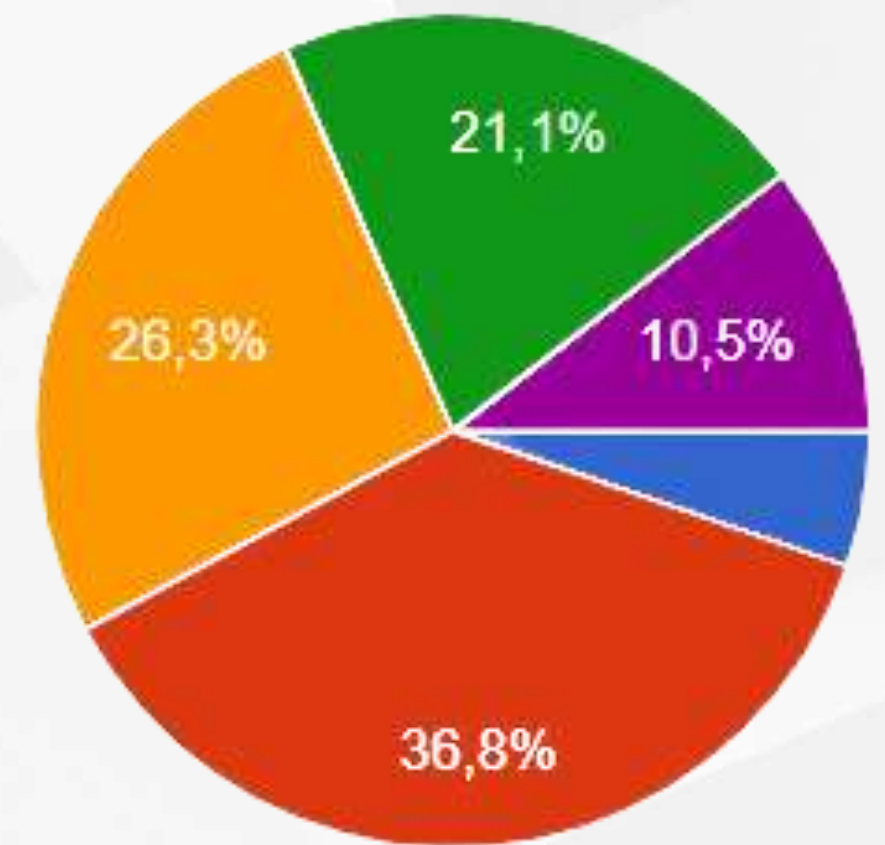

Greek

Turkish

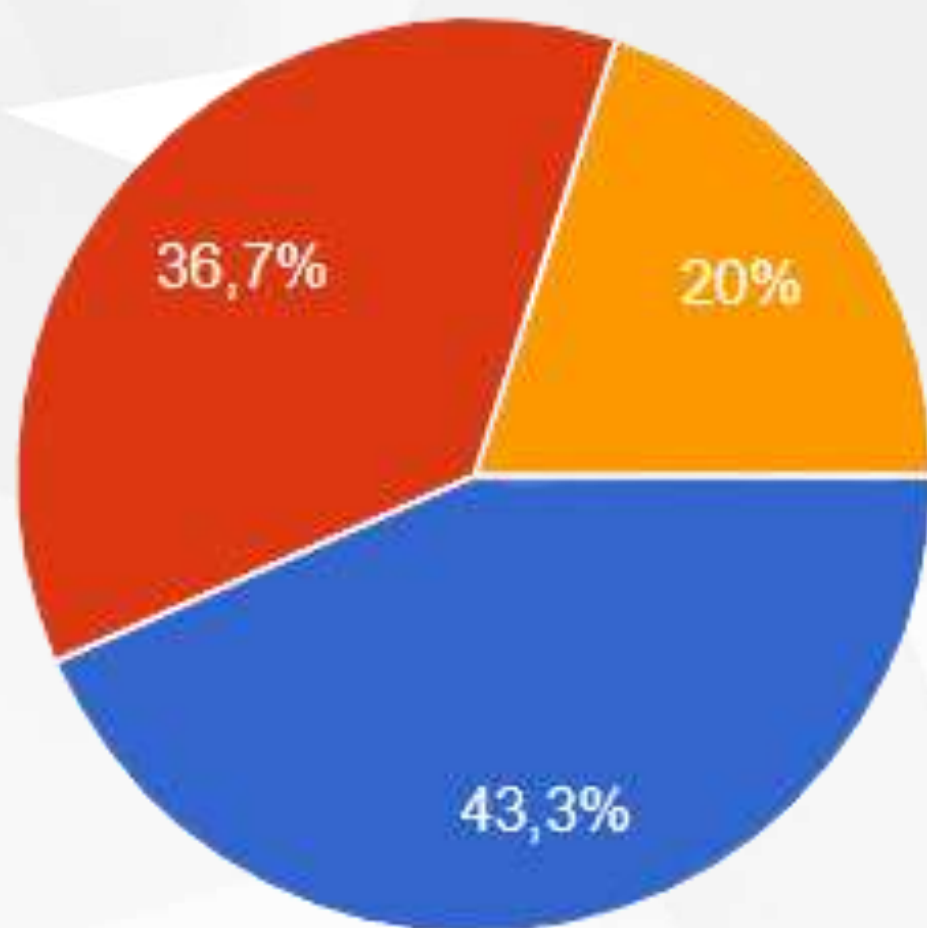

Hungarian

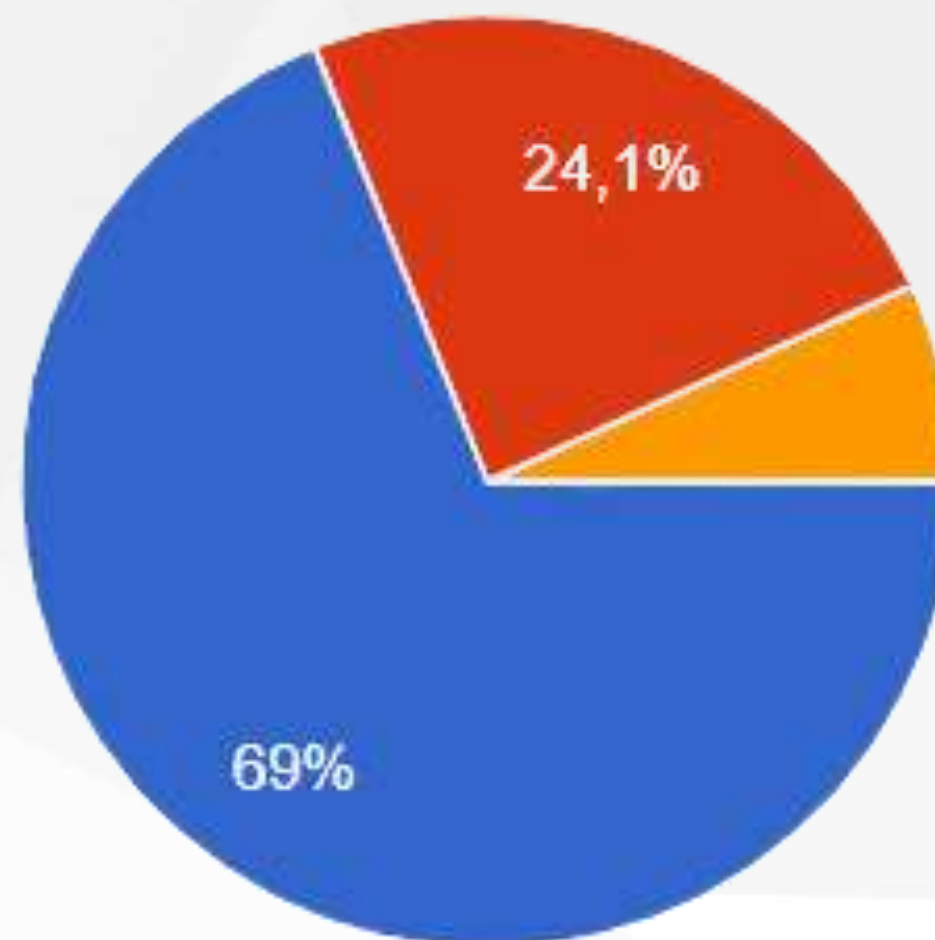

Do you have a suitable environment for studying at home?

- Yes, always
- Usually
- Sometimes
- Rarely
- No, never

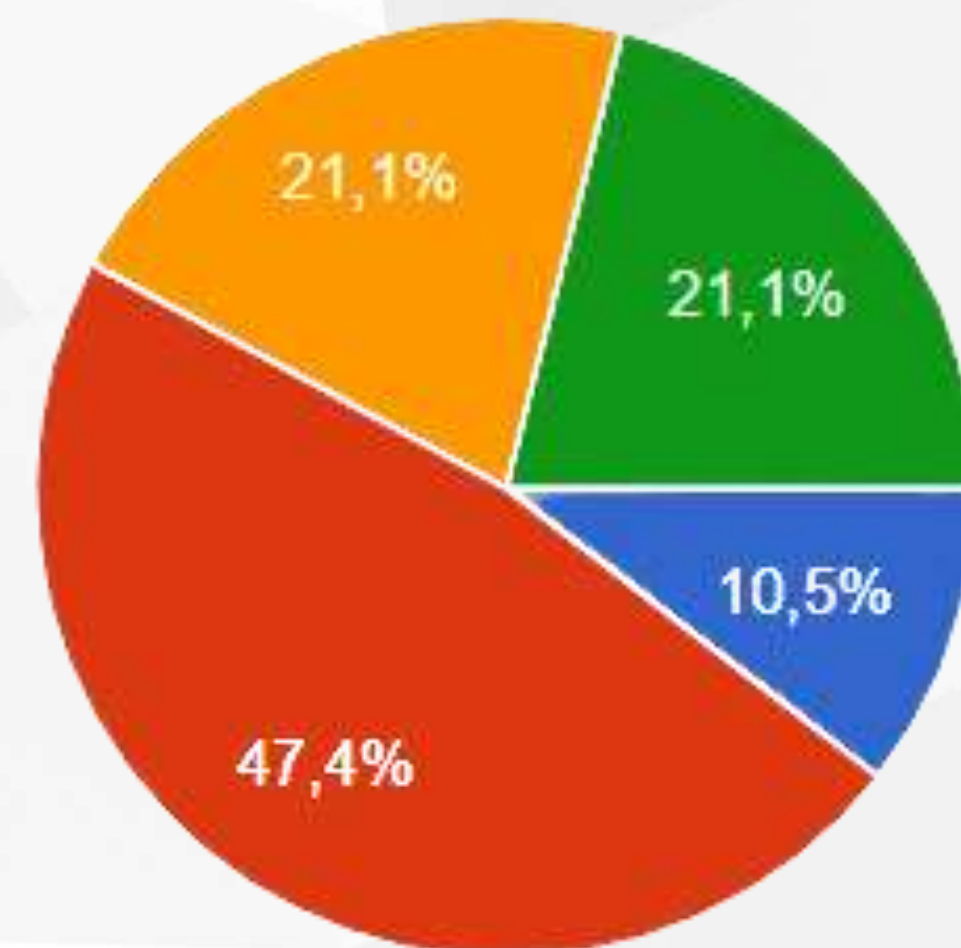

Greek
