Kamari, November 3, 2025

Dear Captain Jorge Francisco and Crew of the Gargantua,

We are students of the 5th Grade of Kamari Primary School in Corinth, Greece. Our school is located in Kamari, a seaside village close to the Isthmus Canal. There are 6 classes in our school and a total of 75 students and 16 teachers. Our English teacher, Mrs Lamprou Christina is in charge of the programme “Adopt a Ship” in cooperation with our headteacher Mr. Tsakalis Panagiotis.

Our school is interested in joining programmes and activities throughout the school year, that is the reason why this programme drew our attention. We are thrilled to learn more about life in the sea, navigation, your way of living, your experiences and your adventures from the different countries you have visited.

We have prepared our first questions and we are looking forward to starting our communication with you. So, here are our queries:

1. What is your exact location at the moment and what is your next destination?
2. How many are the crew members? What nationality are they?
3. Could you describe your ship, please? We would like to send us some photos of it, if possible!
4. What`s the weather like today? Is it colder at the sea at nights?
5. How long are your voyages? Are they tiring?

We can't wait to hear from you as soon as possible! We would like to thank you in advance for your time and your kindness to share with us your knowledge and experience about sea life. We wish you safe voyages!

Yours sincerely,

The 5th Grade Students and Teachers
