Kamari, December 17, 2025

Dear Captain Jorge Fransisco and Crew of the Gargantua,

We hope you are fine. We are so excited about our communication. We are really sorry for not having contacted for so long but we were really busy at school because of some other educational programmes. Also, we have started our Christmas decorations and we are super happy!

We are thankful for your answers as they are quite informative. Not to mention the photos taken!!! You seem to have fun and love your job. We think it is very important to enjoy your job in order to be good at it!

We believe that karaoke is the most entertaining free time activity so you are very lucky you have this opportunity while you are on board.

Well, here are our next questions:

First, when you reach a port, how long do you stay there? Are you free to hang out, meet new people or go sightseeing?

Second, how long is the break before you start a new voyage?

Third, what are your responsibilities on board? We mean, apart from the job of the captain, what are the jobs of the crew members and which are their responsibilities?

Also, where are you now? How big is the port you are about to disembark? Have you ever visited it before?

Finally, how old is the ship of Gargantua? Do you have to deal with frequent mechanical problems while you are on board?

We hope the weather is fine there. After all, it is summer in Australia now, isn't it? Stay safe on your voyages. Enjoy Christmas and the coming of the New Year. We are looking forward to your reply and more photos if possible.

Best regards,

The 5<sup>th</sup> Grade Students and Teachers
