

# Job shadowing - group reflection

11/09/2021 – 11/12/2021, Corfu, Greece

School visited: Primary School of Kato Korakiana

## This really impressed us:

- The atmosphere
- The warm manner of the head teacher and the teachers
- The host's dedication
- The host school put a lot of thought into welcoming us - they were very well prepared
- Good presentation of Greek culture
- The way the lessons and the school tried to connect Austrian history with Greek history
- The children's singing of Greek songs
- Cards and signs in German to introduce the next chapter of the lesson

## We could also implement this in school / adapt it for ourselves:

- Use colorful paper to vote in order to teach democracy awareness
- Quizzes and interactive games that they played with the students to teach them what they were supposed to do -> it was clear to us that this was well liked by the children
- Large map of Greece and Europe
- Only the essentials items for the lesson are kept on the tables (no food or drinking bottles)
