- This visit started with the preparation of students in advance...

- ...who drew on many
- metres of white paper....

■ ...and along with their teachers` creations...!

- ...sent all their handicrafts to Turkey with their warmest wishes ...

- Our visit started from Konstantinoupoli ...

- ...including all its magnificent sights...

■ ...wonderful Vosporos ...

■ ...and all the oriental tastes and smells ...

Our journey continued
in the centre of
Turkey in Konia area
– the location of
Ikonio in Byzantine
times –where the great
meditator Mevlana
and famous
Dervisides lived .

- We visited not only Mevlana's holy place of worship...

-but other places of religious and cultural interest as well !

- Despite the rather “changeable weather ...

■ ...we visited caves

...

■ ...the largest bauxite factory in Turkey ...

■ ...and the local markets and bazaars ...

- Then we visited the Primary school in Kureli , Konia where students welcomed us in their own special way...

■ ...by local traditional dances...

■ ...plays from their local culture...

- ...souvenirs from people of different countries who have visited them

- ...they continued by presenting Ali`s story to us...

- ...and by presenting the little Dervisides known as Soufi ...

■ Surely we tasted the local cuisine ...

- ...but we cooperated in a tree plantation which put deeper “ roots “ in our relation .

As regards the programme the final decisions were completed about the publishing of our tales and DVDs .

- We still discussed how the final presentation and evaluation of programme would be held in Spain.

- Finally before leaving Turkey we visited the Greek Orthodox centre the Agia Sophia church.

- With awe , faith but at the same time disappointment for the condition of the church nowadays .
