different abilities  
That`s how Electra and  
her story was born

**You can share this story with us !**

Electra is a fictitious girl ,created by us ,the students, who became disabled after a car accident

We also imagined that she lives here in our village , Lousika

- However she has some really very good friends .They are also imaginary characters created by students who also participate in this specific programme
- 1) Fransesco from Akantia a region near Poulia in Central Italy

2) Ali from Kureli in Turkey which is located in Konia area.

3) Marcin from the seaside area Sopot in North Poland  
,near Gtsand

4) And last but not least Sara who lives in San Fernando  
in Spain within Andalousia

These 5 friends through our guidance , inspiration and imagination had an imaginary journey through 5 different countries and they managed to get to know each other under the auspices of Comenius school PROJECT .
