

MY ECO HERO

eTwinning Project - December 2025

Instructions for Students:

1. Think about environmental problems (pollution, climate change, deforestation, etc.)
2. Design a superhero who fights these problems and helps nature!
3. Draw your hero and complete the identity card below
4. Share your hero with students from other countries!

PART 1: Draw Your Eco Hero

Think about: What does your hero wear? What colors? What special symbols or tools?
