CHOICE

Welcome on board!

Welcome to CHOICE Project!

CHOICE aims to promote and improve STEM education at schools by designing innovative (
Resources (OERs) collected in a MOOC that will increase the professional competence
equipping them with a STE(A)M approach of teaching.

CHOICE promotes the joint action of 9 organisations (non-profit, business, education instit
network) across 5 European countries (Italy, Spain, Greece, Cyprus and Belgium) who will
disciplinary, bottom-up process leading to the production of innovative open educational
providing real-world examples regarding the implementation of STE(A)M approaches into t
