

« The last battle »

E.E.E.K. ALMYROU, GREECE 2023

Many, many years ago, when gods and demi-gods lived there was a small kingdom in a beautiful seaside place close to mountain Othrys. Its name was Fylaki.

According to Greek mythology, Othrys was the mountain where « the clash of the Titans » (= the battle between the Titans and the Greek Gods) took place leading to the epic victory of the 12 Olympian Gods and their control of the world.

The king of Fylaki was *Protesilaos*, a handsome and well- built young man known for his prudence and bravery. When Protesilaos was a child he managed to kill two snakes that had entered his room. And later on at an older age he killed *Arahni*, a terrible monster that ate people and set fire on villages.

PROTESILAOS

Arahni

One day Protesilaos went hunting with his best friend **Melissipo**, a dwarf with distorted face but kind-hearted and ingenious. They were walking through the forest when they heard a girl singing. They were both spellbound. When Protesilaos saw the girl, he immediately fell in love with her.

Laodameia

Melissipos

Let's ask for Zeus' help

She was Laodameia, a beautiful princess of a nearby kingdom. Protesilaos couldn't get her out of his mind. Laodameia felt the same, but she couldn't be happy because of Titan Cronos and his obsession with her. Cronos was the last alive Titan who had managed to get away. He had kidnapped Laodameia's father and blackmailed her to follow him. If she didn't, her father would die and his kingdom would be destroyed.

Cronos

Melissipos advised him to ask for Zeus' help. Zeus was Crono's son and the one who had put his father in captivity.

Without wasting time the two friends went to Zeus' temple, offered him gifts and asked for his help.

The God agreed to help them. He gave them a magic spell that would help them become bigger and stronger. Therefore, they would be capable of confronting Titan Crono. He also gave them his thunders.

Zeus

The day of the big battle came. Protesilaos and Melissipos became giants owing to the magic spell. Zeus' thunders gave Cronos the final blow. Protesilaos and Melissipos captivated Cronos and set Laodamia's father free.

Laodamia and Protesilaos were free to live
their love and the whole kingdom was released
from Titan Cronos.

Love
