E. TERMS AND CONDITIONS OF THE SCHOLARSHIP (AWARD)

1. Candidates must notify the I.K.Y. -one month in advance- of the exact date of their arrival in Greece and their passport number plus the date of issue, so that all necessary arrangements concerning student VISA be made by this Foundation before their arrival in Greece. A tourist visa cannot be changed into a student visa in Greece; that's why candidates are advised not to come to Greece without having previously obtained a student visa.

2. Scholarship holders are not permitted to undertake paid employment, while they are on a scholarship grant.

3. Applicants who have been awarded a scholarship from any other Greek state source for the same purpose, in case of selection from the IKY, they will receive a scholarship the duration of which is going to be estimated in accordance with the duration of their previous scholarship.

4. Scholarship holders who have been selected to follow a postgraduate programme and by the beginning of their scholarship have already been awarded their Ph.D. degree, may use this scholarship for postdoctoral studies. The duration and financial support will be those of the postdoctoral category.

5.a) For postgraduate - doctoral studies, specialization in the Fine Arts or collection of research data, the scholarship begins after the candidate's arrival in Greece, provided that he has: (i) been accepted by a School of Modern Greek Language at a Greek University (the courses for Modern Greek Language usually begin in October) and (ii) been at least conditionally admitted by a Greek University to pursue postgraduate, doctoral, specialization or collection work - as proved by a formal letter issued by the relevant Department of that University.

b) For postdoctoral studies and further education in the Greek Language, Literature, Philosophy and Art the scholarship begins after the candidate's arrival in Greece, provided that a Greek University professor has accepted to supervise his/her research studies.

Candidates (and not the professor accepting them at the Greek University) are responsible for the commencement of their scholarship and are required to submit to the I.K.Y. complete documentation.

6. No scholarship can start after March and before October.

7. The I.K.Y. is entitled to immediately end the scholarship in the event scholarship holders:

F. DURATION OF THE SCHOLARSHIP

The scholarship is valid only for the academic year 2010-2011 or 2011-2012.

The duration of the total scholarship is for a consecutive period of time.

1. The duration of the postgraduate and doctoral scholarship is annual and is renewable for two more years when pursuing postgraduate studies (a second Masters) and for three more years in case of doctoral studies. If a scholarship holder obtains the degree he/she is pursuing (Master's or Ph.D.) before the maximum duration of this category of studies, the scholarship is interrupted and definitely terminated at the date of his/her graduation.
2. The duration of the postdoctoral scholarship and the further education (in the Greek Language, Literature, Philosophy, History and Art) is six months initially and is renewable for a further semester depending upon the research undertaken. The scholarship cannot exceed the total of one year.
3. The duration of the scholarship for specialization in the Fine Arts is annual and renewable for a further year. This scholarship cannot be extended and cannot exceed the total of two years
4. The duration of the scholarship for collection of research data is strictly annual without any possibility for renewal.

In case of a previous scholarship from any other Greek State source for the same purpose, the total duration of the I.K.Y. scholarship will not exceed the total duration mentioned in the I.K.Y. announcement for the relevant category of scholarships (from both sources). In any case, the minimum duration of the I.K.Y. scholarship is of one year.

The renewal of the scholarship is decided upon by the Administrative Board of this Foundation according to the scholar's programme of studies and is subject to satisfactory progress (e.g. follow the programme of studies, complete the Modern Greek Language course successfully, to be awarded the intended degrees, have satisfactory academic accomplishment etc.). In all cases, the I.K.Y. takes into account all submitted reports and decides upon the total duration of each scholarship.

G. FINANCIAL SUPPORT

All scholarships include:

- a. €600,00 -plus taxes- for initial expenses.
- b. The full cost of tuition fees -plus taxes- for the School of Modern Greek Language (provided only during the first year of the scholarship).

- No support is provided for travel expenses, conferences, seminars, symposia or research activities.
- No additional assistance is provided for the spouse or other dependants of the scholarship holder (if you plan to bring your family with you, you will need to consider cost issues carefully).
- The scholarship will be withheld for periods spent outside Greece without the permission of this Foundation.
