

Parental involvement

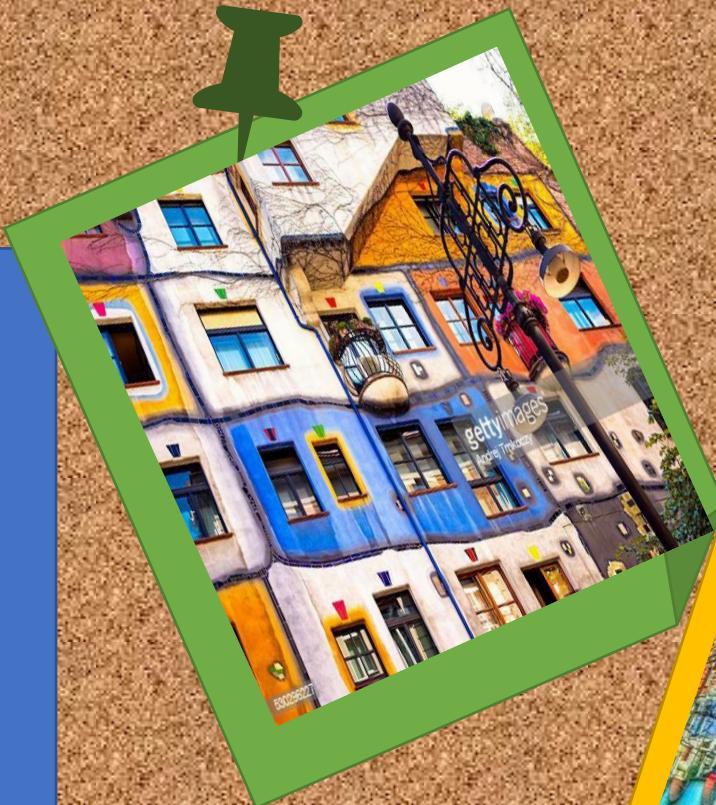

- Over the weekend our students' parents received an email asking them to get involved...

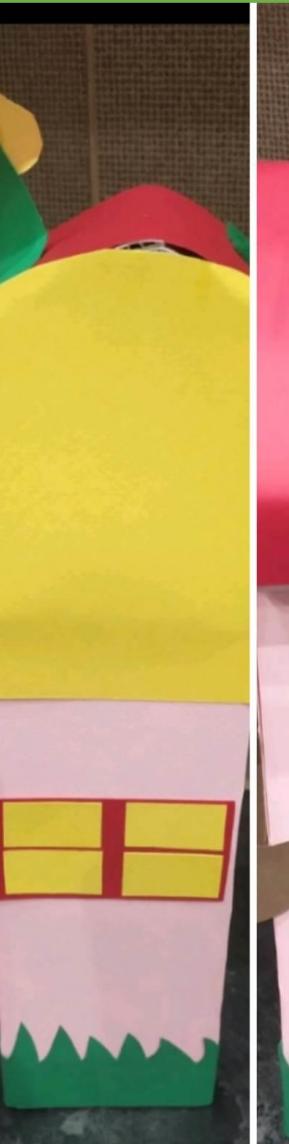

This weekend think smart with your parents and built a house that looks like Hundertwasser's and is all from recyclable materials and "junk"! Look for boxes, cardboard boxes, plastic packaging and whatever other "trash treasure" you can find in your house, think smart - for example trees on the roofs - and create houses for a magical and smart city, where people are happy to live!

eTwinning

The banner features the eTwinning logo in the bottom left corner. The main title "STEMing with Monet and Friends" is written in large, colorful, 3D-style letters. "STEMing" is in green, orange, and purple; "with" is in green; "Monet" is in orange, purple, and green; and "Friends" is in red, orange, and pink. To the right of the title is a circular icon showing a painter's palette with yellow, blue, and red paint, and a paintbrush. The background of the banner has a dashed border and is divided into three horizontal sections: light blue at the top, green in the middle, and purple at the bottom.
