

## The Ant and the Cricket

It is summer. It is a hot day. The ant is working. It is saving food for the winter. The cricket is playing the guitar and singing.

It is autumn. It is cold. The ant is in the house. There is lots of food to eat in the winter. There are pears, bananas, apples and oranges. The ant is drinking hot milk.

It is winter. It is cold and it's snowing. The cricket is wearing a brown jacket, black socks and black shoes, a brown cap. He is hungry. There isn't any food to eat.
