UNIT 6: Me, myself and my future job lesson 1 (page 62)

Name:

Date:

Class:

Score:

A. Jewellery Designer

I'm a jewellery designer. I take metal and precious stones and create rings, necklaces, earrings and other jewellery. I can use loads of hand tools to make the jewellery. Sometimes, I may use computers and laser to design these delicate pieces. My work requires attention to detail. It also requires finger and hand dexterity, good hand-eye coordination, patience and concentration. Artistic ability and knowledge about fashion are very important.

B. Air Traffic Controller

I'm an air traffic controller. My job is to co-ordinate the movement of aeroplanes, and direct them to keep flying schedules on time. An air traffic controller handles every plane that is taking off or landing. I usually work forty-hour weeks. I may work night or weekend shifts. It is a very stressful occupation. Speech communication, mathematics, science, foreign languages, and electronics are helpful for this career.
