## UNIT 6: Me, myself and my future job

Name:

Date:

Class:

Score:

### A. Jewellery Designer

I'm a jewellery designer. I take metal and precious stones and create rings, necklaces, earrings and other jewellery. I can use loads of hand tools to make the jewellery. Sometimes, I may use computers and laser to design these delicate pieces. My work requires attention to detail. It also requires finger and hand dexterity, good hand-eye coordination, patience and concentration. Artistic ability and knowledge about fashion are very important.

### B. Air Traffic Controller

I'm an air traffic controller. My job is to co-ordinate the movement of aeroplanes, and direct them to keep flying schedules on time.

An air traffic controller handles every plane that is taking off or landing. I usually work forty-hour weeks.

I may work night or weekend shifts. It is a very stressful occupation. Speech communication, mathematics, science, foreign languages, and electronics are helpful for this career.

### A. Comprehension questions:

1. What material do you use, if you are a jewellery designer?

2. You need loads of hand tools, \_\_\_\_\_ and \_\_\_\_\_ to make jewellery.

3. This work requires attention to design. A.True B.False
