My mind's always doing things  
that I don't even know about.

**You think you know me?  
I don't know me!**

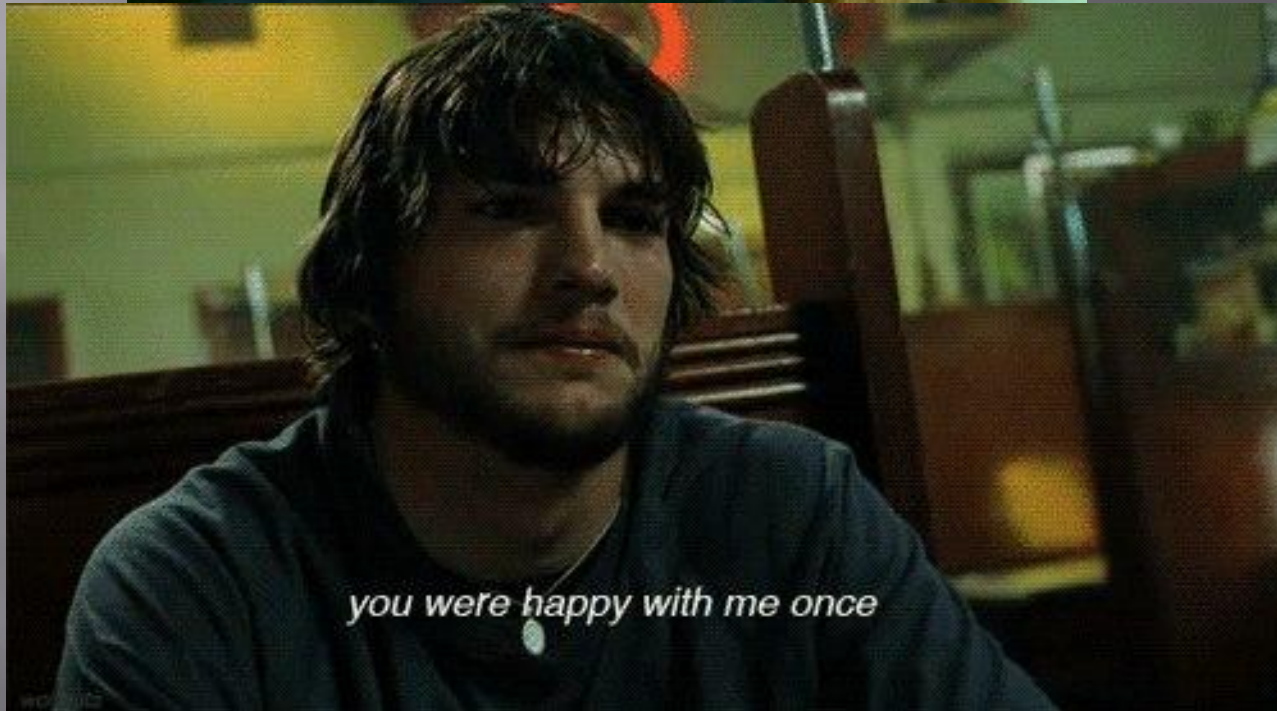

**Everytime I try to help someone, everything goes to shit.**

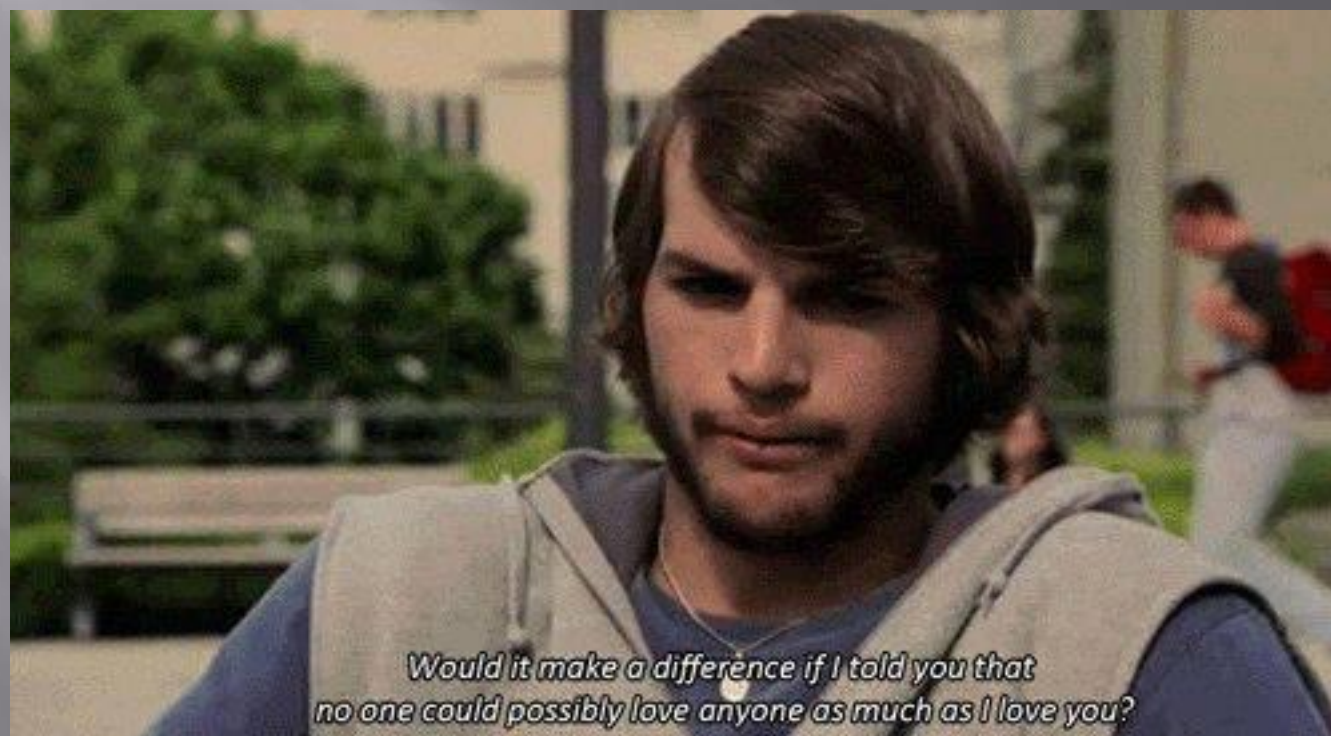

**I can't even  
fucking kill myself.**

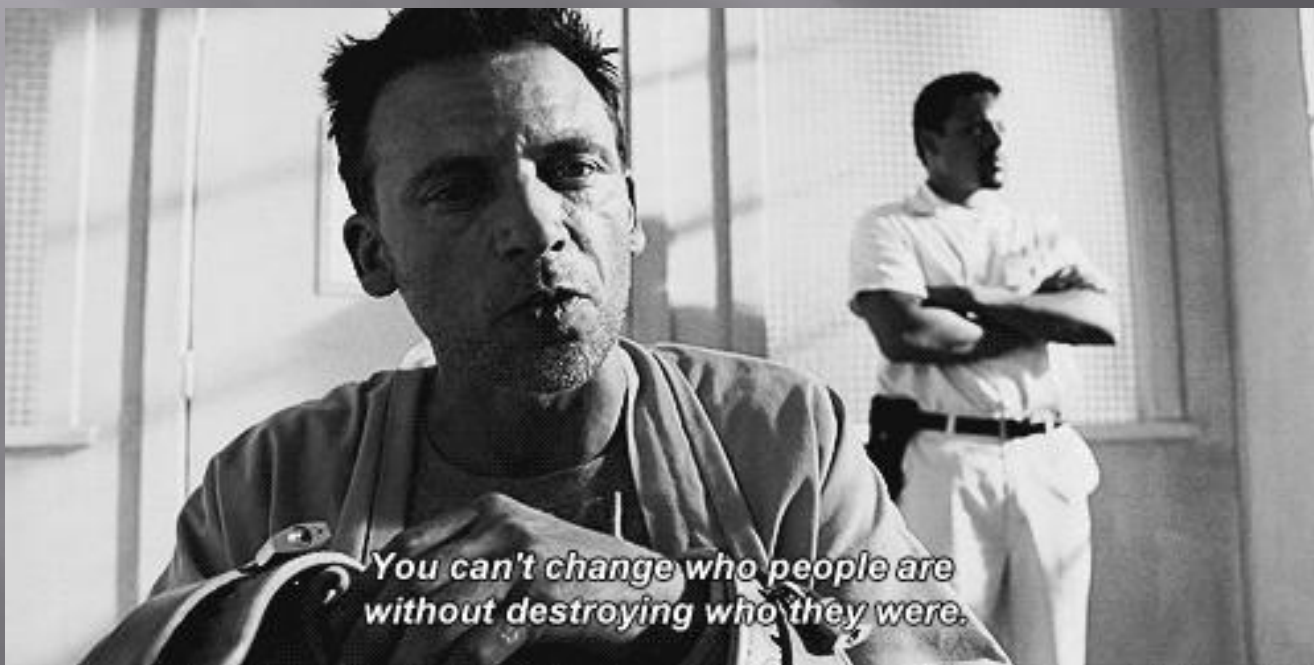

**You really have no clue  
how beautiful you are, do you?**

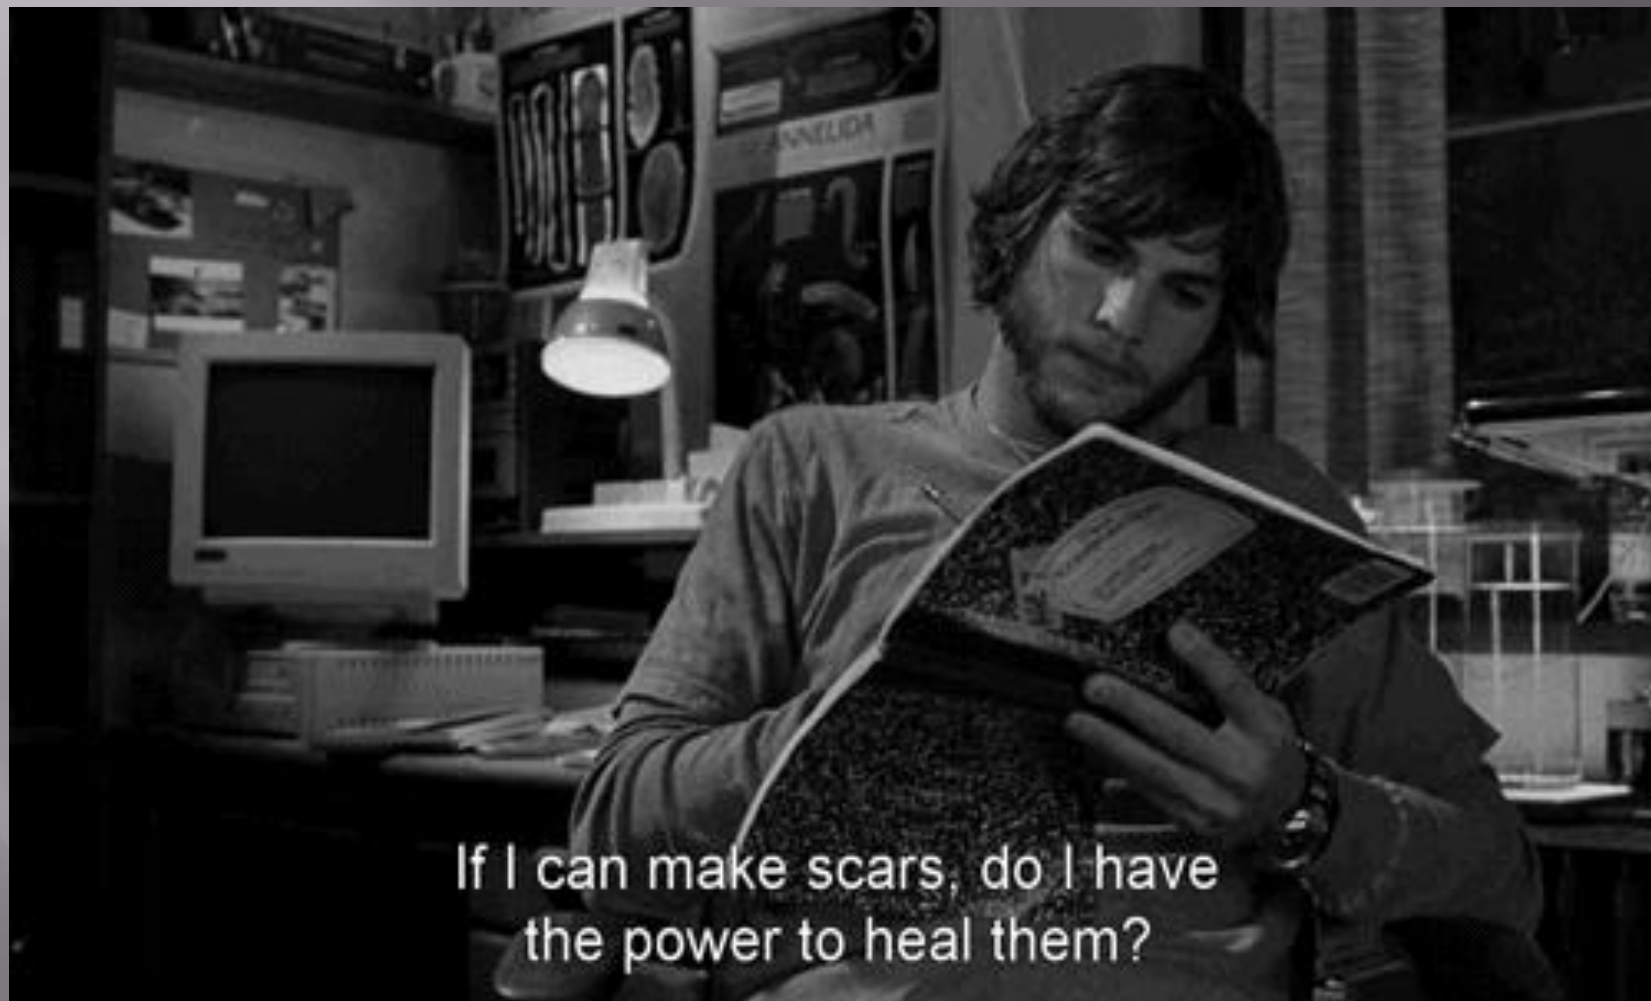

*you were happy with me once*

*Would it make a difference if I told you that  
no one could possibly love anyone as much as I love you?*

If I can make scars, do I have  
the power to heal them?
