

Black Beauty

An adventurous story of a horse who experiences all aspects of life easy ones and difficult ones and gains tremendous experience from his adventurous life.

The book talks about the life of a horse which will go through many owners where among them there will be good and tough, he will also meet many horses which will have a story of their own that they would carry. He will go through many different situations from which he will gain experience, but will he survive long enough to be happy again?

I highly recommend it to everyone as it is a fascinating story full of adventure
