It mentions that they were invited to think of concrete ideas that can make the EU an even better place to live and that could benefit citizens across the European Union – similarly to the [European Citizens' Initiative \(ECI\)](#). It also states that in groups of up to 7 classmates, they were asked to present their creative ideas in a short video. Now they need your support to win the competition! A blue button labeled "VOTE NOW!" is visible. The text concludes by stating that the competition builds on the concept of the European Citizens' Initiative (ECI), an important tool.
