

Crossword presentations

Instructions:

In this worksheet, you will prepare to create an amazing crossword puzzle about European countries with your team. First, you will research and gather information about your assigned European country, then use this information to create clues and answers for your crossword puzzle using Crossword Labs.

Use the template to prepare your crossword - presentation!

Useful resources (found in our padlet)

The information can describe general details, landform, climate, people, famous persons, sights or landmarks, traditional food /dish or any other information

Crossword Creation Instructions:

Once you have completed your research above, follow these steps to create your crossword puzzle:

Step 1: Review all your answers and identify key words that would make good crossword answers (capital, landmarks, famous people, etc.).

Step 2: Write creative clues for each answer. Make them challenging but fair! For example, instead of "Capital of France," write "This city is home to the Eiffel Tower."

Step 3: Visit [Crossword Labs](https://www.crosswordlabs.com) website with your teacher's guidance.

Step 4: Enter your words and clues into Crossword Labs. Aim for 10-15 words minimum.

Step 5: Generate your crossword and check that all clues make sense.

Step 6: Prepare a 5-minute presentation about your country to share with the class when they solve your crossword.

Step 7: Practice presenting with your team, making sure everyone has a speaking role.
