For a friendly ghost

A ghost, a tear, invisible

You can't be seen,

You're invisible, infinite

Running around, listening quietly

Feeling hopeless, like you're never gonna end

It seems what? So many years

But at least I know you are dead

A ghost, a tear, invisible

You can't Seave

You're stuck in this house

Wasking around, the stairs, their nose

Make it stop, stop following me

You're dead, infinite, invisible

A ghost, a tear, invisible
