CERTIFICATE OF COOPERATION AND CONTRIBUTION

Within the framework of Erasmus+ Staff Mobility for Job Shadowing

This is to certify that **Special Kidengarten of Karpenissi** has actively participated as a partner institution in the Erasmus+ Job Shadowing mobility for the project "**Green heroes for a better future**" Project No: 2025-1-BG01-KA122-SCH-000314513 KA122-SCH

The following staff members from **Primary school Eng.Georgy I.Valkov**, Lukovit,Bulgaria, have successfully completed their job shadowing and observation activities at the host institution:

1. **Gabriela Marinova Peycheva**
2. **Genoveva Ivanova Tsvetkova**
3. **Yordanka Vasileva Ivanova**
4. **Penka Vasileva Yotova**

Summary of Activities Performed:

1: Observation of a technology lesson (Waste separation):The KINEPS program in the special school. Observation of the method by which Greek colleagues teach students with special needs to identify types of plastic (codes 1-7) and their correct classification in the classroom with the help of a special application.

2: Teaching environmental education to children with special needs: Description of the method of organizing and monitoring an educational visit of toddlers with special needs to the natural environment.

This certificate acknowledges the professional contribution and hospitality of the Greek colleagues and serves as proof of successful European educational exchange.

GENOVEVA TSVETKOVA
Director of Primary school
Eng.Georgy I.Valkov

OFFICIAL LETTER OF GRATITUDE

To: The Principal and the Pedagogical Team
Location: Karpenissi, Greece
March 2026

Dear colleagues,

On behalf of the team of Primary School "Eng. Georgy Ivanov Valkov," Lukovit (Bulgaria), we would like to express our sincere gratitude for the warm welcome and the exceptional professional program organized as part of our Erasmus+ project - "Green Heroes for a Better Future."

Our visit to your school provided us with the opportunity to experience the practical application of innovative educational models. It was extremely valuable for us to observe how you successfully integrate:

Environmental education and the cultivation of sustainable habits in students;

STEM methodology within the learning process to stimulate critical thinking;

The development of "green skills" that prepare young people for the challenges of the future.

Your experience and dedication as "green heroes" are a true inspiration to us. We believe that the exchange of ideas between our schools will contribute to the higher quality of education we provide and lay the foundations for a long-lasting international partnership.

Thank you for the shared knowledge, for your openness, and for the professionalism with which you welcomed us into your community.

Sincerely,
Genoveva Tsvetkova
Director

Sincerely,
Lukovit, Bulgaria

Gabriela Peycheva
Erasmus+ Projects Coordinator

Discussion on how to organize a watering program in which the children themselves take responsibility.
