One of the best ways to learn English is by mixing and integrating with English children on our exciting and varied [activity programme](#). The children are split into different age groups to ensure the level is suitable for their needs.

Ultimate Activity with English Lessons

For international children aged 4 to 14 years who would like to attend Ultimate Activity Camps, we require at least an upper Intermediate level of spoken English however children of all ages and ability levels are able to join with Ultimate Activity with English lessons. It is required that all children aged 4-6 without English as a first language take part in the English lessons whilst on camp.

Our English lessons will maximise your child's ability to improve their speaking level both in and outside of the classroom, integrate better with English children and understand basic safety instructions. If you are unsure whether or not your child requires or would benefit from English lessons, please contact us. We also have a useful placement test that your child can complete to make sure they are on the right Ultimate Activity programme.

Ultimate International provides 2 hour of English language tuition every day from Monday to Friday - see below for example timetable. *All children must be in the UK accompanied by a parent (or authorised guardian) who will be responsible for bringing and collecting the child from camp every day.
