How we'll use ClassDojo

As a teacher, I will...

- Post announcements, updates, and reminders
- Share photos and videos of classroom activities
- Send private messages to keep you in the loop

Students will...

- Share classwork on their own digital portfolio
- Only family members will be able to view their work

Families will...

- Like or comment on class photos and videos
- Leave encouraging feedback on Portfolios posts

Mojo's presentation went so well! Thanks for helping him at home!

The image shows a promotional banner for Plickers. On the left, three smartphones are shown in a stack, with the top one displaying a quiz question: "What's the heaviest planet in our Solar System?". Below the question are four options: Venus, Jupiter, Neptune, and Mars. Each option has a horizontal progress bar. Jupiter's bar is green and is the longest, indicating it is the selected answer. At the bottom of the phone screen are navigation icons: a back arrow, a play button, and a forward arrow. The background is a dark blue gradient. In the top left corner is the Plickers logo (a checkmark in a square followed by the word "plickers"). In the top right corner are the links "Sign in" and "Get Started >". The main headline on the right reads "Formative assessment has never been faster." Below this is the text "Plickers is the free card activity your students will love. Join millions and play in your next lesson." A large green button with the text "Sign up for free" and a right-pointing arrow is positioned below the text. At the bottom of the banner, it says "Used by K-12 teachers in over 100 countries".
