

Dissemination of Erasmus+ RESPECT project to school community

Approaching the completion of the project, on May 23th 2018, Erasmus+ students presented the Erasmus+ RESPECT project's procedure to school community. Erasmus+ students presented the outcomes of the project. Students and teachers of the school shared with Erasmus+ team the experience of participating in the project and they watched presentations and videos from transnational and learning, teaching/training activities. Results and conclusions of the two questionnaires (2016 and 2018) carried out during the project were also presented. School community was informed about blog pages of the project.
